INTRODUCTION

The 2000 series of Board Policies requires or permits the Superintendent¹ to promulgate and implement administrative regulations. The Superintendent, pursuant to this authority, promulgated and implemented these administrative regulations and posted them on <http://www.anchorbay.misd.net>. All School District personnel and Students are required to follow these administrative regulations.

The Superintendent designates the School District's Director of Elementary and Secondary Education to review the 2000 series of Board Policies and these regulations at least annually. The Director of Elementary and Secondary Education is also expected to recommend to the Superintendent legally compliant revisions and additions to the 2000 series of Board Policies and these administrative regulations.

2001-AR Admission and Enrollment

Resident Students

Age of Enrollment. Michigan's Revised School Code specifies the dates by which a child must reach school age in order to be eligible to enroll in kindergarten or first grade.

Early Enrollment. A parent² may apply for early enrollment to the Superintendent.

Documentation. A parent who seeks to enroll a child in the School District will prove the child's age, typically with a certified copy of a birth certificate. If the parent cannot produce a certified copy of a birth certificate, the parent must explain the reason to the enrollment official and prove the child's age to the reasonable satisfaction of the enrollment official. A parent enrolling a student who has attended school in another school or school district must provide the enrollment official with a release for the student's education record on a form created by the School District or otherwise acceptable to the enrollment official.

Residency. Residency is defined in Michigan's Revised School Code. Proof of residency will be established as follows:

For Homeowners: A deed or land contract and a current utility bill establishing the parent lives within the School District's geographic boundaries; or, a property transfer affidavit establishing the parent will live within the School District's geographic boundaries within 30 days of the beginning of the student attendance year in question; or,

For Renters: A fully executed lease and current utility bill confirming the parent lives within the School District's geographic boundaries (which lease includes names of all children enrolled or enrolling in the School District).

Nonresident Students

Children of School District Employees. The School District accepts enrollment for the children of School District employees on the same basis and subject to the same rights and obligations as other students.

Schools of Choice (Inter-District). The School District may allow inter-District schools of choice students according to periodic Board of Education resolutions.

¹ "Superintendent," as used in these regulations, includes the Superintendent's designee, unless otherwise indicated.

² The term "parent," as used in these regulations, includes a guardian or an adult student.

Schools of Choice (Intra-District). The School District permits intra-District transfers. Parents who wish their children to attend another District school should complete an application for the district's consideration and approval before the beginning of the school year. Click here http://www.anchorbay.misd.net/downloads/district_files/18-19_out_of_district_school_of_choice.pdf for the application and submit it to the School District's pupil accounting office at 5201 County Line Road, Suite 100, Casco, MI 48064.

International Exchange Students

Generally. The School District will accept international exchange students, subject to reasonable discretion. A student wishing to enroll in the School District as an international exchange student must meet the following requirements: the completion of an application to the School District's High School Principal between March 1st and the first day of school; the provision of evidence of approval by the United States Department of State, including an F-1 or J-1 student visa; affiliation with a program on the Council on Standards for International Education and Travel (CSIET) Advisory List on International Education Travel and Exchange Programs; the provision of the name, address and telephone number of the program's local representative and most recent brochure; the provision of the names, addresses and telephone numbers of at least two suitable host families, unless the School District is aware of suitable host families; proof he/she will be at least 15 years old by the date of first attendance in the School District; provision of suitable proof of health and accident insurance; proof of the ability to communicate and learn in English, as evidenced by a secondary level English proficiency test.

Acceptance and Placement. The Superintendent or designee will review the recommendations and, if he/she is satisfied, approve the recommendations for placement for the upcoming school year according to applicable Board policies and administrative regulations. Approved international exchange students attending the School District are subject to the same policies and administrative regulations as other students and will not receive diplomas from the School District except according to applicable administrative regulations.

Homeless Students The Superintendent appoints the School District's Director of Student Services to serve as the supervisor of the School District's Homeless Liaison in accordance with the McKinney-Vento Act. The Liaison's duties include, but are not limited to:

1. Establishing practices designed to facilitate the school enrollment of homeless students;
2. Assisting with the enrollment of homeless students and providing assistance with obtaining academic and medical records;
3. Informing parents or unaccompanied homeless students of the educational and related opportunities available to them;
4. Assisting with school placement decisions based on the best interest of the student and desires of the parent or unaccompanied student;
5. Ensuring that referrals are made for health care, dental, mental health and other appropriate services;
6. Monitoring each enrollment to assure that homeless students are not isolated or stigmatized because of their homeless status;
7. Handling enrollment disputes and ensuring that disputes over the placement of homeless students are resolved in a timely manner;
8. Arranging transportation and informing the parent or unaccompanied homeless students of the transportation services the School District must make available; and,

9. Disseminating public notice of the educational rights of homeless students in places within the community where they are likely to be seen by homeless students, their families and advocates for the homeless.

The Liaison will inform all School District personnel and persons or agencies known to work with homeless families of his or her identity and contact information.

Shared Time Instructions Shared time instruction will be provided according to Michigan law and the Michigan Department of Education's Pupil Accounting Manual.

2002-AR Learning and Achievement

Curriculum The School District's curriculum is Michigan's K-12 Standards as promulgated by the Michigan Department of Education. School District personnel may supplement and enhance but may not ignore or replace the School District's curriculum, except as permitted or required by law.

Assessments

Generally. The Superintendent will inform the Board and District administrators and teachers of the national, Statewide and Districtwide assessments the District will administer. District personnel are expected to administer assessments consistent with protocols and students are expected to participate in assessment. Assessments and alternative assessments will be administered to disabled students consistent with their IEPs or Section 504 Plans.

Discretionary Assessments and Assessment Required by Law. These regulations do not prohibit School District personnel from administering or considering other assessments, including other assessments permitted or required by law.

Progress Reports and Grades

Generally. Progress reports and grades are intended to encourage student achievement and citizenship and accurately and consistently report student achievement in the School District's curriculum. Teachers are expected to follow Board policies and administrative procedures concerning progress reports and grades. Building administrators are expected to orient new teachers to the Board's policies and administrative procedures concerning progress reports and grades and, upon request, assist teacher compliance.

Establishing Expectations. Building administrators and teachers are expected to establish academic and behavioral expectations for students and parents at the beginning of the school year or course. Middle school and high school teachers are strongly encouraged to communicate academic and behavioral expectations to students in writing, including a syllabus.

Reports, Grades and Academic Recognition. The School District's Director of Elementary and Secondary Education is responsible for creating and, from time-to-time, updating or revising forms for periodic progress reports and grades for elementary, middle school and high school students. Teachers are responsible for completing all necessary forms for periodic progress reports and grades in an objective, consistent and timely manner. Teachers are also responsible for notifying students and parents when a student's work is likely to result in a failing grade. Academic reports and grades should be based on students' academic work rather than behavior. Behavior should be reflected in citizenship reports or marks. A teacher may not award a failing grade to a secondary student unless he/she has provided such notice in a timely fashion. Building administrators are expected to facilitate these teacher responsibilities consistent with Board policies and these administrative regulations.

Attendance. The School District expects student will be in class every school day for the entire school day or class period. Teachers are required to take daily attendance for every class they teach. The District will report student attendance on every progress report.

Students will be marked as tardy if they are not in their classrooms ready to learn at the beginning of the school day or class period. Tardiness may result in student discipline as set forth in the School District's Student Code of Conduct.

Accommodations and Modifications. Accommodations permit a student to access School District facilities and services, including educational services such as the District's curriculum. Modifications change the District's curriculum at a student's grade level. Teachers may not consider accommodations when giving academic progress reports or awarding grades. Teachers may note modifications on individual academic progress reports and grade reports. The School District does not note modifications on student transcripts.

Grade Appeals. Teachers are responsible for awarding grades consistent with Board policies and administrative regulations. A student or a parent who wishes to appeal a grade awarded by a teacher may do so by notifying the building administrator in writing no later than 15 calendar days after the grade is issued. The building administrator will promptly schedule a meeting with the parent and/or student and teacher to discuss the appeal. If the teacher does not concur with the appeal, the building administrator will issue a final decision resolving the grade appeal.

Academic Recognition. Building principals will take all reasonable opportunities to encourage scholarship by recognizing students who excel in their studies. Building principals at the middle school and high school levels will set and communicate honor roll standards and publish honor rolls within the school and to the media. The High School Principal will grant the following honors to seniors graduating a Michigan Merit Diploma based on grade point averages calculated at the end of the first semester of their senior years: summa cum laude (GPA 4.0 or higher) and magna cum laude (GPA 3.99-3.75) and cum laude (GPA 3.74-3.5).

Placement

Generally, The Superintendent designates to building administrators the responsibility for placing students in schools, grades and courses. Building administrators should exercise good judgment with respect to placement decisions and consider the following factors, among others:

1. The student's academic achievement and ability as reflected in scores on standardized tests;
2. The student's academic performance in School District classes or while enrolled in another school district;
3. The student's chronological age; and,
4. The student's social maturity.
5. In accordance with Board policy.

In the event of disagreement, the student and his or her parents should be consulted before a final placement decision.

Promotion and Retention Subject to the previous administrative regulation, students typically advance to the next grade after the end of the school year. The building administrator will use the following process if a student's teacher or parent recommends retention:

1. Teachers should identify students who are not meeting grade level objectives in one or more subjects and notify the building administrator and the students' parents by the end of the first semester of each school year. When such notification occurs:

- (a) The teacher, building administrator and parents should meet to review the student's academic record, current test scores, work samples and anticipated progress; and,
 - (b) Follow-up meetings may be scheduled between the teacher, building administrator and parents.
2. The building administrator is responsible for making a final decision in compliance with state law on retention, after consulting the teacher and the parents, and considering the following factors, among others:
 - (a) The student's academic achievement in all subject areas, especially attainment of grade level objectives, as determined by the School District's curriculum, assessments, progress reports, tests, assignments and work samples;
 - (b) The student's chronological age;
 - (c) The student's attendance; and,
 - (d) The student's social and emotional maturity.

Graduation

Generally. All School District students who meet the School District's graduation requirements will be issued a diploma. Participation in School District graduation ceremonies is a privilege rather than a right. Building principals may recommend eligible students for graduation and a diploma when the student has met the requirements established by these regulations. A student is eligible for recommendation for graduation when he/she: has completed four years of high school, unless a request for early graduation has been granted; has earned 22 total high school credits, including all required by the Michigan Merit Curriculum (MMC) courses and credits (which may include middle school courses aligned with MMC, but not for purposes of calculating GPA); and, has completed all scheduled assessments. The MMC eligibility requirement may be fulfilled through a Personal Curriculum (PC) created according to Michigan law and approved by the Superintendent. The Superintendent will not approve PC deviations from School District graduation eligibility requirements based on a student's personal preference for one or more subjects over others.

Early Graduation. A student who is otherwise eligible for graduation and a diploma may make a request for early graduation to his/her counselor and building principal. The building principal may recommend a student's early graduation upon the student's counselor's certification the student has or will meet all School District graduation requirements. Parental permission is required for students who are not 18 when the application is filed. If the Superintendent grants an application for early graduation, the student will receive a letter of confirmation but will not be awarded his/her diploma until the next graduation ceremony.

Full-Time Status A student is considered to be full-time if s/he is enrolled as follows:

- For high school students: 6 courses each semester, totaling at least 6 credits each year.
- For middle school students: 6 courses each semester, totaling at least 6 credits each year.
- For elementary students: must attend both the AM and PM sessions.
- For alternative education students: 6 courses, totaling at least 6 credits.

Board-Approved Courses The School District will adopt a list of Board-approved courses offered for credit or grade promotion. The list will include traditional course offerings and courses offered through other means, such as experiential learning courses, online courses, courses offered in share time programs, etc. In addition, the list will include the extended learning opportunities associated with each course and a description of such opportunities.

The School District will maintain a document describing the content of each approved course as well as documentation related to course approval, including the list of Board-approved courses.

Creation and Retention The School District maintains records according to the Michigan Department of Technology, Management, & Budget General Retention Schedule #2 for Michigan Public Schools.

Student Academic Records (formerly CA-60) Building administrators will create and maintain a Student Academic Records file (formerly CA-60) for each student who attends school in the School District. The cumulative file may be created and maintained digitally. The building administrator will determine the contents of the Student Academic Record file including, at a minimum:

1. The student's Academic Records and other records showing enrollment, emergency contact information, photos, attendance records, disciplinary records, and other similar records;
2. The student's health record;
3. Personal protection order records related to the student;
4. The students enrollment eligibility records;
- 5.. The student's standardize testing data;
6. The students work permit records.
7. The student's transfer request records;
8. The students special program authorization records, like authorizations to allow a student to participate in federally or state-funded special programs; and
9. An eligible student's most recent IEP or Section 504 Plan, and other files that document the services provided to a special education student.

Special Services File The School District's Special Education Supervisor will publish legally compliant guidelines requiring School District personnel to create and maintain special education files for students who are eligible for special education and related services or accommodations under the Individuals with Disabilities in Education Act and Michigan special education law; Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act of 1990. The special education file may be created and maintained digitally. The guidelines are available at this link: http://www.anchorbay.misd.net/downloads/special_education/procedural_safeguards_notice_part_b_may_2017.pdf .

Directory Information and Access to Student Education Records

Family Education Rights and Privacy Act (FERPA). This administrative regulation has been developed to comply with FERPA and does not, itself, confer enforceable rights to any person.
Access to Education Records.

Parental Access. The natural parents of minor and dependent students may inspect their children's education record, unless that right has been terminated by a court order.

Adult Students. Adult students may inspect their education record.

Board Members and School District Personnel. Board members and School District personnel may access a student's education record if they have a "legitimate educational interest" in doing so, within the meaning of FERPA.

Other Persons. Other persons may inspect student education records to the extent permitted by FERPA.

Time and Place of Inspection. Generally, a person authorized to access a student's education record, other than School District personnel, must make an appointment to review education records at the student's school with the building administrator, or designee, who will remain present during the inspection. An authorized person will be permitted to copy selected education records upon request and fees may be charged as permitted by law.

Access Log. The building administrator will include an access log in each student's CA-60 and Special Services file that will identify each person who accessed the education record, the date and time the education record was accessed and the reason the education record was accessed.

Directory Information. Board Policy 2003 defines directory information that may be disclosed by School District Board members and personnel. The Superintendent designates each building principal to annually notify parents and adult students of their right to "opt-out" of the disclosure of directory information, the steps that must be taken to exercise that right and to timely notify the building administrator when a parent or adult student has exercise that right.

The District is required to provide United States Armed Forces recruiters with at least the same access to student directory information as is provided to other entities offering educational or employment opportunities to those students as is permitted and/or required by law. "Armed forces of the United States" means the armed forces of the United States and their reserve components and the United States Coast Guard. An eligible student or the parent or legal guardian may submit a signed, written direction to the District that the student's directory information not be accessible to United States Armed Forces recruiters. In such case, the information will not be disclosed.

Amendment of Education Records. Parents and adult students may request the amendment of education records that are inaccurate, misleading or in violation of the student's rights of privacy or other rights. The following procedure will be used in cases when parents or adult students request the amendment of education records:

1. The Parent will request the amendment in writing, including: identifying the education record(s) in question; and, the reason(s) the education record should be amended;
2. The building administrator, after conferring with his or her direct supervisor, may agree to amend the education record and do so;
3. The building administrator, after conferring with his or her direct supervisor, may decline to amend the education record and, if so, notify the parent or adult student of the reason(s) and his or her right to a hearing.
4. If a hearing is requested, the building administrator will immediately notify his or her direct supervisor and the Superintendent, who will arrange for a hearing consistent with FERPA requirements.

Other Agencies or Institutions. As permitted by FERPA, the School District may forward education records, including disciplinary records, without student or parental consent, to other agencies or institutions in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer and upon receipt of a request for a student's school or education records.

2004-AR Extracurricular Activities

School District Clubs and Other Activities On or before September 30th of each school year, each building administrator will forward to the Superintendent a complete list of the School District clubs and

other activities offered in the building. Building administrators may not add new District clubs or activities that cost the District money without the approval of the Board of Education. The building administrator will also promptly notify the Superintendent of any changes during the school year.

Fund Raising

Overview. Fundraising generally falls into two categories: fundraising by individual schools or student activity groups and fundraising by parent organizations (PTA, Booster Club, etc.). This administrative procedure governs fundraising by individual schools or student activity groups. Questions concerning fundraising by parent organizations should be directed to the School District's Director of Business Services.

This administrative regulation does not apply to "fiduciary activities" as the phrase is defined under GASB 84.

General Guidelines. Requests to conduct fundraising must be submitted to the building administrator for approval. The building administrator must notify the Superintendent of approved fundraisers. Fundraisers requiring the use of School District facilities must be approved by the building administrator and the Maintenance Department. The distribution and posting of fundraiser flyers must also be approved by the building administrator. If the fundraiser involves food items, items that do not meet USDA Smart Snack standards may not be sold to students or consumed by students on campus during school hours.

Contracts Building administrators may not enter into contracts, including contracts related to fundraisers, without the prior approval of the Superintendent.

Accounting Procedures and Cash Management Funds collected from fundraisers must be secured by the staff member in charge of the fundraiser at the end of every day and turned over to the building administrator at the end of the day or as soon thereafter as possible. The building administrator will verify the amount collected every day, notify the staff member in charge and the Director of Business Services of the amount collected every day and deposit the amount collected every day in a bank account or a safe at the end of the day or as soon thereafter as possible.

Purchases may not be made from cash received through a fundraiser. Instead, purchases must be made using a School District purchase order, check or credit card. If this is not possible, the School District will reimburse for purchases approved by the building administrator and the Superintendent.

The building administrator is responsible for maintaining all fundraising and related records for five years after the fundraiser is completed and such records are subject to internal audit and external audit by the District's independent auditing firm.

2005 –AR

Communications

Memorials Generally, tributes, ceremonies and memorials (collectively, memorials) recognizing an adult or student are not held or permitted on School District premises. A person who wishes to organize a memorial on School District premises must seek the permission of the building administrator, who will consult with the Superintendent before granting permission.

A student who dies during the school year will be acknowledged in his or her school yearbook that year in a manner within the discretion of the building administrator, unless the yearbook has already gone to print. The student's parents or friends may seek the permission of the building administrator to acknowledge the student in subsequent years.

A student who dies during the school year may also be acknowledged in the next edition of any official school newsletter or student publication. Any article concerning the student must be written with the assistance of the school's trauma team, if any, and approved by the building administrator and the student's parents. Such articles should be similar in content and length. The building administrator may also permit

the dedication of a single program, playbill, book or specific event related to the student's interests or activities no later than one calendar year of the student's death.

2006-AR

Behavior

Student Code of Conduct The Superintendent has developed and promulgated the School District's Student Code of Conduct consistent with Board Policy 2006. The current Student Code of Conduct is posted on the School District's website. Building administrators and teachers are responsible for enforcing the Student Code of Conduct in their buildings and classrooms.

Student Bullying

Implementation.

Responsible School Official. The Principal of each school building is primarily responsible for implementing this administrative regulation and its corresponding policy for the school to which he or she is assigned.

Publication. The Superintendent will revise the School District's Student Code of Conduct, consistent with this administrative regulation, to specifically prohibit bullying and cyberbullying, as defined below. The Superintendent is directed to post this administrative regulation and its implementing policy on the School District's website.

Reporting. The Superintendent shall report to the Board of Education, on an annual basis, all verified incidents of bullying, and the resulting consequences that were imposed.

Definitions. The following definitions apply for purposes of this administrative regulation and its corresponding policy:

"Bullying" means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one or more School District students, either directly or indirectly, by doing any of the following:

- (i) Substantially interfering with educational opportunities, benefits, or programs;
- (ii) Adversely affecting a student's ability to participate in or benefit from educational programs or activities by placing a student in reasonable fear of physical harm or by causing substantial emotional distress;
- (iii) Having an actual and substantial detrimental effect on a student's physical or mental health; or
- (iv) Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

"At school" means in a classroom, anywhere else on school premises, on a school bus or other school-related vehicle, and at a school-sponsored activity or event, whether or not it is held on school premises. *"At school"* includes the off-premises use of a telecommunications access device or telecommunications service provider if the device or service provider is owned by or under the control of the School District.

"Cyberbullying" means any electronic communication that is intended or that a reasonable person would know is likely to harm one or more students either directly or indirectly by doing any of the following:

- (i) Substantially interfering with educational opportunities, benefits, or programs;
- (ii) Adversely affecting a student's ability to participate in or benefit from educational programs or activities by placing a student in reasonable fear of physical harm or by causing substantial emotional distress;
- (iii) Having an actual and substantial detrimental effect on a student's physical or mental health; or
- (iv) Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Accountability. Each student in the School District is accountable for his/her own behavior, based on age-appropriate expectations. Respect for all students is part of a safe and healthy learning environment. Each student is expected to demonstrate respect through their interactions with the give-and-take of friendships, group cooperation, social interaction, compromise, and acceptance of differences among other students and staff.

Retaliation. Retaliation against a target of bullying, a witness, another person with reliable information about an act of bullying or any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy independent of whether a complaint is found to have been substantiated. Suspected reprisal or retaliation should be reported in the same manner as bullying.

Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action.

Complaint Procedure. In order to implement the bullying policy, the School District has developed the following complaint procedure:

A student who believes that he/she has been the victim of bullying or cyberbullying must immediately report the incident(s) to the building principal. A student's parent must also report any such incident(s) on behalf of the student. Upon receipt of a report (complaint), the principal or his/her designee (the investigator) will conduct a prompt investigation. At the request or with the permission of the complainant, the investigator may first attempt to resolve the matter informally, such as through restorative practices. Informal steps will not, however, cause a substantial delay in the investigation. The complainant may, at any time, request that the matter move to a formal investigation. Where the bullying activity is alleged to have been based, in whole or in part, on the protected classifications of race, color, sex, national origin, or disability, the building principal will notify the School District's designated Compliance Officer or Coordinator pursuant to Board of Education Policy 8002.

Step 1: Formal Investigation. The investigator will interview the complainant and document the interview. Generally, the complainant will be asked to reduce the complaint to writing, to provide the names and contact information, if known, of any persons who witnessed and may be able to substantiate the allegations of the complaint, and to produce any documents or other things supporting the complaint. The complainant will be directed not to discuss the complaint with other students while the investigation is pending.

The investigator will interview the accused and document the interview. Generally, the accused will be asked to reduce his/her response to writing and to produce any documents or other things supporting his/her response. The investigator should not disclose the identity of the complainant unless this is necessary to enable the accused student to respond to the allegations. The accused will be directed not to contact the complainant, if the complainant's identity is known or suspected, or retaliate or threaten to retaliate in any way against the complainant or any potential witnesses

In the event of a significant discrepancy between the complainant and the accused, the investigator will interview other persons reasonably necessary to resolve the discrepancy.

Step 2: Decision.

Complaint Found Valid. If the investigator concludes that the complaint is valid (i.e., bullying or cyberbullying in violation of School District policy has occurred), the following actions will be taken:

- The parent of both the complainant and the accused will be notified of the results of the investigation;
- The results of the investigation will be reported to the Superintendent;
- The Superintendent will consider whether restorative practices may be appropriate and, if so, invite the complainant and the accused to participate in a restorative practices team meeting;
- The Superintendent will consider whether disciplinary action may be appropriate and, if so, initiate disciplinary action in accordance with the Student Code of Conduct; and
- The Superintendent will determine whether relief to the complainant is feasible and available.

Complaint Found Not Valid. If the investigator concludes that the complaint is not valid (i.e., no bullying or cyberbullying in violation of School District policy has occurred or can be substantiated), the following actions will be taken:

The parent of both the complainant and the accused will be notified of the results of the investigation;

The complainant and the accused will be reminded the School District prohibits retaliation or threats of retaliatory action;

The results of the investigation will be reported to the Superintendent; and

Any references to the complaint will be removed from the education records of the accused. The investigator will retain the investigative file for at least three years.

Positive Behavior Supports and Alternatives to Corporal Punishment Each building administrator will notify the Superintendent, or designee, of the positive behavior supports or positive behavior support plans available or implemented in his/her building. Positive behavior supports and support plans are one of the School District's alternatives to corporal punishment. The School District's Student Code of Conduct is another alternative to corporal punishment.

Athletic Code of Conduct The School District has developed and promulgated the School District's Athletic Code of Conduct. The current Athletic Code of Conduct is posted on the School District's website and is also accessible by clicking on this https://www.abtars.com/information/Athlete_Registration/Code_of_Conduct_17-18.pdf. Building administrators, teachers, club sponsors and coaches are responsible for enforcing the Athletic Code of conduct in their buildings and programs.

Administrative Intervention Disciplinary action that does not result in an out-of-school suspension and which includes, but is not limited to, restorative practices. Administrative intervention may include the removal of a student from a class period, in-school suspension, a reprimand, restitution, detention and/or work assignment before or after school, additional classroom assignments, and revocation of the privilege of attending after school functions and activities, events, etc.

SNAP Suspensions If, during class, subject, or activity, a teacher has good reason to believe a student has engaged in conduct which unquestionably interferes with the education of him/herself or other students, or a student has engaged in conduct which poses a clear and present danger to him/herself or other

students, the teacher may suspend the student from that class, subject, or activity for up to one full school day.

Suspension Exclusion of a student from school for fewer than 60 school days or exclusion which will terminate upon the fulfillment of a specific set of conditions.

Health and Safety

Medication

Administration of Medication by School District Personnel. School District personnel will not administer medication to students except according to this regulation.

The parent must submit a request to administer prescription or non-prescription medication to the building administrator on an approved form and signed by both the parent and the student's physician. The request must include at least the following information: the name of the student; the name of medication; the dosage; the time and frequency of administration during the school day; and, other special instructions, if any. Upon approval by the building administrator, School District personnel will administer medication to students subject to the following conditions:

1. Medication must be submitted in its original container, whenever possible. If medication is not in its original container, the parent must label the container with the following information: the name of the student; the name of medication; the dosage; the time and frequency of administration during the school day; and, other special instructions, if any.
2. Medication must be brought to and returned from the school by the parent for elementary students;
3. The parent must ensure that an adequate amount of medication is on hand at the school for the duration of the student's need to take medication;
4. The parent must ensure that the school is informed in writing of any changes in medication instructions; and,
5. In the event a student refuses medication, the parent will be notified immediately.

Storage and Monitoring. The building administrator is responsible for properly storing and monitoring medications administered by School District personnel. Medications will be secured by lock; and, access to medication storage keys will be limited to the building principal and designated school staff. Following administration, the medication container will be properly sealed and returned to storage.

Administration of Medication by Students. Students are prohibited from sharing or administering medication with or to each other, except in cases of a life-threatening emergency. The building administrator may grant a student permission to self-administer medication if the student's parent has provided written permission. For prescription medications, the parent must also provide the building administrator with written approval of the student's physician. A student who has been approved for self-medication may have in his/her possession only the quantity of medication needed for that school day, unless otherwise approved, in writing, by the building administrator.

Seclusion and Restraint Michigan law prohibits seclusion and restraint, except emergency seclusion and emergency physical restraint. The Superintendent designates the School District's Special Education Supervisor to train staff consistent with Michigan law.

Wellness The Superintendent will establish the School District's Wellness Committee. The Wellness Committee will participate in the development, implementation and periodic review and update of the School District's Wellness Policy, which includes this administrative regulation. At least every three years, the School District's nurse will post an invitation to the school community (including parents, students, school food authority representatives, PE teachers, school health professionals, school board members, school administrators and the general public), offering the opportunity to participate in the Wellness Committee. The Superintendent delegates to the School District's food service supervisor the duty of appointing and coordinating the duties of the Wellness Committee, maintaining a regular meeting schedule, and ensuring that the Wellness Policy has been implemented within the School District. The School District's Wellness Policy will be posted on its website.

The School District's food service supervisor and Wellness Committee will comply with all applicable legal requirements including, but not limited to: proposing and, upon the Superintendent's approval, implementing School District nutrition and physical activity standards; integrating the School District's nutrition and physical activity standards into the School District's curriculum consistent with the Michigan Physical Education Grade Level Content Expectations and the Michigan Merit Curriculum Guidelines for Physical Education; assuring that School District staff professional development addresses nutrition and physical activity issues; assuring that food and nutrition services staff receive annual training in accordance with USDA Professional Standards; and assuring that School District students receive nutrition education and engage in vigorous physical activity. The School District will promote nutrition standards by ensuring all foods and beverages sold, marketed, made available or provided to students at any time at school meet the USDA Smart Snacks standards and National School Lunch and/or Breakfast standards for meal patterns, nutrient levels, and calorie requirements for the ages/grade levels served, as specified in 7 CFR 210.10 or 220.8, as applicable. Free water will be available in the cafeteria during mealtimes. The School District will also ensure that students' eligibility for and/or participation in free or reduced priced meals will be kept confidential by not identifying students or otherwise singling them out.

The Wellness Committee will also develop and deliver a regular report to the Superintendent, including: monthly School District menus and meal counts; a la carte, vending, and competitive foods sold on School District premises; and, physical activity and program opportunities for School District students. At least once every three years, the School District's food service supervisor will report to the School District's Superintendent: the extent to which the Wellness Policy compares to model school wellness policies; the extent to which the School District's schools are in compliance with the Wellness Policy; and, the School District's progress in attaining the goals established by the Wellness Committee. The Wellness Committee will update the Wellness Policy, as necessary, based on the results of the report. The School District will make the report and any updates to the Wellness Policy available to the public.

Epinephrine Auto-Injectors (Epi-Pens)

Student Possession and Use. Students may possess and, if necessary, use epi-pens on School District premises and at school-related activities, programs and events if the following three conditions are met:

1. The student has permission to use the epi-pen from his or her physician and, if the student is a minor, from his or her parent(s);
2. The building administrator has received a copy of the necessary written permissions; and,
3. The school has on file a written emergency care plan (or IEPT Report or 504 Plan that includes a written emergency care plan, however designated) prepared or approved by a licensed physician

in collaboration with the student and the student's parent(s) that is updated as necessary to account for any change in the student's circumstances.

The building administrator will notify each teacher of each student in his or her classroom who is permitted to possess and use an epi-pen pursuant to this regulation.

District Acquisition and Maintenance. The School District will acquire and deliver at least two otherwise unassigned functioning epi-pens to each school building. The building administrator is responsible for maintaining the epi-pens at his or her building, making them readily accessible to designated staff members and notifying the Superintendent if the building administrator believes the necessary number of epi-pens is not available or functional.

Training and Designation. The School District is responsible for training a sufficient number of staff members in each school to properly administer epi-pens, as follows: at least one staff member if the instructional and administrative staff is less than 10; and, at least two staff members if the instructional and administrative staff is more than 10. All training will be supervised, evaluated and approved by a licensed registered professional nurse. The building administrator is responsible for designating the necessary number of staff members to administer epi-pen injections on school grounds. The building administrator is also responsible for informing other school personnel which staff members have been designated to administer epi-pen injections on school grounds and for notifying the Superintendent if there are an insufficient number of trained or designated staff members in the building.

Administration of Epi-Pen Injectors. Designated staff members who have been trained in accordance with these procedures are required to administer an epi-pen injection to any person on school grounds who is believed to be suffering an anaphylactic reaction. An anaphylactic reaction is a severe, potentially life-threatening allergic reaction that may occur within seconds or minutes of exposure to an allergen. Common allergens that cause anaphylactic reactions in school include, but are not limited to, peanuts and tree nuts and venom from bee stings. All administrators and teachers are required to notify a designated staff member in the event he or she believes an individual on school grounds is suffering an anaphylactic reaction.

Reporting. The building administrator is required to notify the parent of any student who receives an epi-pen injection at school. Notification is to be made to the Superintendent and the School District's Nurse at the same time. The Superintendent designates School District's Nurse to annually report to the Michigan Department of Education the number of epi-pen injections to students at school each year; the number of epi-pen injections to such students who were not previously known to have allergies; and, the number of students who were administered epi-pens from the School District's stock of epi-pens.

- Immediately place the DNR order or revocation in a file created specifically for such documents and the POST form or revocation in a file created specifically for such documents, in the manner and location determined by the administrator.
- If the administrator, or his/her designee, receives a DNR order or POST form during the immediately preceding school year, the administrator, or his/her designee, must contact the student's parent at the beginning of the school year to determine if the DNR order or POST form is still in effect and, if applicable, request an updated POST form.

The Superintendent may choose an outside agency or other method to recruit employees.

Applications Applications should be submitted consistent with job postings. The failure to do so may result in the applicant not be considered for employment.

Physicals and Drug Tests An applicant who has been offered employment may be required to take a pre-employment physical and drug test.

Hiring and Recommendations for Hiring The Board of Education hires the Superintendent. The Board of Education hires other professional staff at the recommendation of the Superintendent. If necessary, in the Superintendent's discretion, an individual may begin employment pending approval by the Board of Education.

Criminal Background Checks The School District will have the Michigan State Police (MSP) obtain criminal history record information (CHRI) from both the state and the Federal Bureau of Investigation (FBI) for all individuals listed in Board Policy 4002 (Criminal Background Checks) and MCL 380.1230(1) and (2) of the Revised School Code. Employees who fail to comply with this regulation and related policy will be subject to discipline, upon review and approval by the Superintendent. The School District agrees to enter into any agreements as required by the MSP necessary to access CHRI information and maintain the School District's legal obligation to perform such checks.

Local Agency Security Officer (LASO). The School District will appoint the Director of Human Resources as its LASO. The LASO will be designated on the appropriate form as provided by MSP and the School District will submit an updated form for each newly-appointed LASO. The LASO will be responsible for ensuring compliance with these regulations and relevant laws. The LASO will also be responsible for ensuring personnel security screening procedures are being followed, appropriate security measures are

in place for the protection of CHRI, MSP is informed of any security breaches, and only approved School District personnel have access to and are using the CHRI in a manner compliant with the law.

Access to CHRI.

Background Checks. The School District will conduct a state and national fingerprint-based criminal history record check within 30 days of hiring or assignment of personnel that require access to CHRI, or are involved in the configuration or maintenance of computer systems and networks with access to CHRI. Additional background checks should be performed once every five years. A felony conviction of any kind will disqualify a person from access to CHRI. If results other than a felony conviction are returned, the LASO will review the results and determine whether appointment is nevertheless appropriate. If approved personnel are subsequently arrested or convicted, the LASO or, in the event the LASO is arrested or convicted after appointment, the Superintendent, shall suspend approval until he or she reviews the arrest and/or conviction and determines whether continued approval is appropriate.

The School District will provide consent forms, such as the Livescan form (RI-030) found on the MSP website, to all personnel requested to undergo fingerprint-based criminal background checks. School District personnel should be provided the opportunity to contest or appeal their CHRI results.

This procedure should also be used for information technology contractors and vendors with the exception that approval should not be granted to contractors and vendors with outstanding arrest warrants. Non-information technology contractors or vendors will not have access to CHRI.

Incidental Personnel. Any persons, such as custodial staff, visitors or remote IT personnel, who may, by function of their job or volunteer duties, be around CHRI information or computer systems used to access CHRI information will be physically or virtually escorted by approved personnel.

List of Approved Personnel. The LASO will maintain a list of all personnel approved to access CHRI. The list will also include the reason each person was approved. The LASO will provide the list to the MSP upon request. In the event of termination, re-assignment, or transfer of approved personnel to a position that does not require access to CHRI, the LASO will take whatever measures are necessary to block such personnel from continued access.

Access to Digital CHRI. If the School District maintains CHRI digitally, the LASO will provide a unique password to each approved personnel with access to computer or networks from which CHRI is obtained. This provision does not apply to districts that maintain physical or e-mail-only copies of CHRI. Pursuant to AG 8321, the password must be at least eight characters long, not be a proper name or word found in the dictionary, not be the same as the username/user identification, must expire and be changed every 90 days, and must not be the same as any 10 prior passwords for each user.

Reassignment/Transfer. The LASO will review the reassignment or transfer of all School District personnel with access to CHRI to determine whether access remains appropriate and, if access is no longer appropriate, will suspend access within 24 hours of the employee's reassignment or transfer. The person responsible for approving the reassignment or transfer will provide notice to the LASO that an employee has been reassigned or transferred as soon as possible. In addition, the School District will follow the bulleted steps identified under "Termination," below.

Termination. Within 24 hours of receiving notice that a School District staff member with access to CHRI has terminated their employment with the School District, the LASO will remove the employee's access to CHRI. The LASO will notify all current and new personnel that s/he should be informed of a staff member's termination via email as soon as possible. In addition:

- The IT Department will disable the employee's digital accounts and accesses.
- The LASO will collect all physical keys and/or key cards from the employee.

The LASO will inactivate the employee on the Criminal History Record Internet Subscription Service system. If the employee is the LASO, a new LASO will be appointed immediately following the steps set forth by the Michigan State Police.

Security Awareness Training. In accordance with the MSP template located on its website, the School District will provide all approved personnel with basic security awareness training within six months of approval and every year thereafter. The LASO will maintain records of all personnel who have completed training.

Dissemination of CHRI. In the event the School District disseminates CHRI to another authorized agency, as defined in the Revised School Code, the School District will maintain a record of such disseminations. The record must include the date of release, the records released, the method of sharing, the School District personnel who disseminated the CHRI, whether authorization for dissemination was obtained, and the agency and agency personnel to whom the CHRI was disseminated. If CHRI is received from another school district or outside agency, the School District will perform an additional background check using MSP's Internet Criminal History Access Tool (ICHAT) to ensure the information received is accurate.

Media Containing CHRI. Only School District personnel who have undergone CHRI training will have access to digital and physical media containing CHRI. The School District will either: ensure all media is stored in a physically secure location which can only be accessed by approved persons; or encrypt all CHRI data consistent with the most current FBI CJIS Security Policy and store the data on a server only accessible to approved School District personnel. Cloud storage is not permitted.

The School District will note via posters, signs, or other indicators, the perimeter of the physically secured location in which CHRI data is maintained and ensure it remains separate from non-secure locations. In addition, the School District will control all items entering and exiting the physically secure location to ensure CHRI is not removed.

Transportation of Media. CHRI media will not be transported without approval by the LASO. The LASO will not grant approval unless transportation is reasonably justified. Physical media must be transported in sealed, locked, or secured containers and/or envelopes and, to the extent possible, digital media must be encrypted and/or password-protected prior to and during transportation.

Destruction of Media. Upon approval in writing by the LASO and the Superintendent, CHRI media no longer needed by the School District will be destroyed as follows: digital media will be deleted by either overwriting the media at least three times or by degaussing (demagnetizing), prior to disposal or reuse of the media. Physical media must be cross-cut shred or incinerated by approved personnel only. The LASO will maintain records of all CHRI media approved for destruction for five years and written documentation of the steps taken to destroy any media for 10 years. Such records must include the date the media was destroyed and the signatures of the approved personnel performing and/or witnessing the media's destruction.

Incident Handling Capabilities. The following table describes the various means by which the School District is required to handle storage and breaches of CHRI information.

	Physical/Hard Copy CHRI	Digital CHRI
Preparation	The container in which the CHRI is stored will be locked at all times in the Human Resources office. The office will be locked when staff is not present.	Firewalls, virus protection, and malware/spyware will be maintained.
Detection	Physical intrusions into the building will be monitored by means of a building alarm and by ensuring the building is locked at night.	Electronic intrusions will be monitored by virus and malware/spyware protections.

Analysis	The LASO will work with local law enforcement officers to determine how the subject incident occurred and the data affected.	The IT Department will determine what systems were compromised and what data was affected.
Containment	The LASO will lock uncompromised CHRI information in a secure container or transport CHRI to a secure location.	The IT Department will stop the spread of any intrusion to prevent further damage.
Eradication	The LASO will work with local law enforcement officers to remove any threats that compromise CHRI data.	The IT Department will remove the intrusion before restoring the system. All steps necessary to prevent recurrence of the intrusion will be taken before restoring the system.
Recovery	The local law enforcement agency will handle and oversee recovery of stolen CHRI data. The LASO may contact MSP for assistance in re-fingerprinting, if necessary.	The IT Department will restore the agency information system and data to a safe environment.

Incident Response. For information security incidents, defined as major incidents that significantly endanger the security or integrity of CHRI, the LASO will draft a written incident report and provides copies to the Superintendent and the head of the IT Department. The LASO will also gather evidence of the breach, including: how the breach was initiated, any information that was disseminated, and steps the School District will take to prevent recurrence of the breach.

The School District will report incidents to the local police department and the District's legal counsel. Reported incidents will be tracked and documented on an ongoing basis. When an incident involves the breach of CHRI, the School District will report the security breach to the MSP ISO by use of the "Information Security Officer (ISO) Computer Security Incident Response Capability Reporting" form (CJIS-016). A copy of any completed forms will be retained and kept by the LASO.

Audit Records of Events. The School District shall generate audit records for the events listed below, either via an automated process or, if an automated process is not used, a manual process. The event records must contain: the date and time of each event, the type of event, the user who initiated and/or ended the event, whether the event involved use or access of software and/or hardware, and whether the event was successful or unsuccessful. For automated processes, the School District will set up and maintain an alert system which informs the School District each time an audit attempt fails. The events to be recorded are all successful and unsuccessful:

- Long-on attempts.
- Attempts to access, create, write, delete, or change permission on a user account, file, directory, or other system resource.
- Attempts to change account passwords.
- Actions by privilege accounts.
- Attempts for users to access, modify, and destroy the audit log file.

The School District will appoint a person to review the audit records at least once per week for unusual or inappropriate activity, to investigate suspicious activity, to report findings to the appropriate person, and to take necessary corrective action.

Purposes of Conditions of Employment School District employees are public servants who are expected to put the interests of the students and community they serve above their own personal or professional interests. At the same time, the School District's administration must, consistent with Board of Education policies, resolutions, resources and directives, create a positive and supportive work environment for School District personnel who are meeting or exceeding expectations.

Employment Contracts and Collective Bargaining Agreements District administrators and teachers are usually employed by the School District pursuant to individual employment contracts. The Superintendent is authorized to work with the School District's attorney to create legally compliant individual employment contracts for administrators and teachers that provide the School District with the flexibility to assign and re-assign staff as necessary to promote the School District's teaching and learning objectives. Individual employment agreements are not binding on the School District unless and until they are approved by the Board of Education in open session.

The Human Resources is directed to review and understand the teaching, staffing and financial implications of all collective bargaining agreements into which the School District may have entered and, prior to each round of collective bargaining, to propose to the Superintendent necessary and desirable changes to improving teaching and learning in the School District given the School District's financial resources and other limitations. The Human Resource Director should also police the implementation of the School District's collective bargaining agreements in a legally compliant manner and in the interest of improving teaching and learning in the School District consistent with the School District's financial resources and other limitations.

The Superintendent will appoint a negotiating team for each round of collective bargaining with each labor organization. The Superintendent may, confidentially in closed session: consult with and inform the Board of Education, of the School District's objective in collective bargaining; how the School District objectives affect teaching and learning in the School District given the School District's financial resources and other limitations; the position of the bargaining unit in collective bargaining; periodically, the progress of negotiations; and, any tentative agreement(s). Tentative agreements and collective bargaining agreements are not binding on the Board unless and until they are approved by the Board of Education in open session.

Individual employment contracts and collective bargaining agreements may not be, or be interpreted, in a manner that is inconsistent with the laws and regulations of the United States or the State of Michigan. Individual employment contracts and collective bargaining agreements may not, and may not be interpreted to, implicitly restrict the legal authority and prerogatives of the Board of Education and the School District, except by clear and unambiguous language approved by the Board of Education in open session.

Transportation Employees School District employees who operate commercial motor vehicles or who are required to hold a commercial driver's license (CDL) as part of their District employment (Driver(s)) must be medically certified as physically qualified to do so and are subject to the School District's alcohol and controlled substances testing program¹. Prospective employees for driver positions must agree to pre-employment testing and pre-employment query via the e Federal Motor Carrier Safety Administration (FMCSA) National Drug and Alcohol Clearinghouse (Clearinghouse). For purposes of this part, "alcohol" and "controlled substances" are defined by 49 C.F.R. § 382.107. Unless excepted by law, no Driver may operate a school vehicle if their blood alcohol concentration is 0.04 or higher or if they are under the influence of a controlled substance. Drivers are subject to the other use restrictions set forth in 49 C.F.R. Part 382. The School District will select the vendor to provide drug and alcohol testing under this section. Self-administered tests do not meet the requirements of this procedure. Drivers should direct questions regarding this Regulation to Transportation Supervisor. Drivers who refuse to participate in the testing program will be dismissed or have their job offer revoked.

Aiding or Abetting All state educational agencies, local educational agencies, and all employees, contractors, and agents of state and local educational agencies are prohibited from recommending for employment any person the recommender knows or has probable cause to believe has engaged in sexual misconduct with a student or minor in violation of the law.

Testing Requirements

Pre-Employment Testing and Query. Prior to beginning work for the School District Drivers must submit a verified, negative alcohol and controlled substance test results, which must have been taken within thirty days prior to hire or assignment. This requirement applies both to prospective new employees and current employees reassigned to Driver positions. Employment or promotion offers for Driver positions are conditioned on negative alcohol and controlled substances test results.

The School District may, at its discretion, choose not to require pre-employment controlled substances testing if the applicant has undergone drug testing for another employer or prospective employer within thirty days of hire or assignment. Any decision not to require testing will be made in strict compliance with FMCSA regulations.

Within fourteen days after the first time a Driver performs work required a CDL ("Drive," "Drives," or "Driving"), the School District must obtain and review any FMCSA-mandated positive alcohol tests with results of 0.04 or higher controlled substance test, and/or refusal to test from any employer for which the driver performed safety-sensitive functions in the previous two years. The School District will conduct a full pre-employment query via the Clearinghouse for all prospective Drivers. As a condition of employment, prospective Drivers must provide the School District with a release for such information and, submit electronic consent through the Clearinghouse granting the School District access to their records.

Annual Query 2. The School District must annually conduct a limited or full search of the Clearinghouse for all employee school bus drivers each Driver as required by law. If, as part of its annual search, the District locates Driver records of which it was not aware, it must address the failure to report as appropriate with the relevant Driver.

² 49 C.F.R. § 482.701(b)

Random Testing. Throughout each twelve-month period, the School District will conduct random alcohol testing of at least 10% of the average number of Driver positions. The School District will conduct random controlled substances testing will be conducted at an annual rate equal to at least 50% of the number of Driver positions. These required random testing rates are set by the FHWA/FMCSA and are subject to change.

Drivers will be randomly selected for testing by a scientifically valid method so that each Driver will have an equal chance of being tested each time selections are made. Random tests will not be announced in advance and will be spaced throughout the calendar year.

Upon notification of being selected for random testing, Drivers must proceed immediately to the testing site. The School District will arrange for substitute employee Drivers so selected Drivers may attend the testing.

Drivers will only be randomly tested for the presence of alcohol immediately prior to Driving, when they are Driving or preparing to Drive, or immediately after Driving for the School District.

If a Driver who is selected for alcohol and/or controlled substances testing is absent from work on the day or time of the scheduled test, the School District may select another Driver for testing. If the Driver is absent when the testing selections are announced, but is expected to be available for testing during the current designated testing period, the School District may keep the original selection confidential until the Driver returns to duty.

Reasonable Suspicion Testing. Drivers must submit to alcohol or controlled substances testing where a School District supervisor has reasonable suspicion that the Driver has violated alcohol or controlled substances prohibitions. Any employee may report suspicion of a violation; however only a School District supervisor or administrator who has received mandated training³ may make the reasonable suspicion determination. The person making the reasonable suspicion determination must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the Driver. Reasonable suspicion for controlled substances use may also be based on indications of chronic and withdrawal effects of the controlled substances.

Within twenty-four hours of the observations or before the results of an alcohol or controlled substance reasonable suspicion test are released, whichever is earlier, the School District will record in writing the observations leading to the reasonable suspicion test and, which record must be signed by the supervisor or School District administrator who made the observations.

The School District will remove the Driver from driving functions at least until the verified test results are reported or as specified below. All tests should be administered as soon as practicable in the particular circumstances.

Reasonable Suspicion Testing. The School District will require a driver to submit to an alcohol or controlled substances test where the School District has reasonable suspicion that the driver has violated alcohol or controlled substances prohibitions. The reasonable suspicion determination must be made by a supervisor or School District administrator who has received mandated training³. The determination must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the driver.

A written record will be made of the observations leading to a reasonable suspicion test and signed by the supervisor or School District administrator who made the observations. In the case of controlled substances tests, such a record will be made within twenty-four (24) hours of the observations, or before the results of the test are released, whichever is earlier.

³ 49 C.F.R. § 382.603 (at least sixty minutes of training on alcohol misuse and at least an additional sixty minutes of training on controlled substances use).

Reasonable Suspicion Alcohol Testing. Reasonable suspicion alcohol testing, observations must be made during, just before, or just after the period of the work day in which the driver is subject to alcohol prohibitions. Simply possessing alcohol is not enough to required reasonable suspicion testing. The test must be administered as soon as practicable following the observation but no later than within eight hours of the observation. If a reasonable suspicion alcohol test cannot be administered within two hours following the observation, the District must create and maintain a record explaining why.

If reasonable suspicion exists, the Driver shall not drive for the School District until an alcohol test is administered and the Driver's blood alcohol concentration measures less than 0.02, or at least twenty four hours have elapsed following the reasonable suspicion determination.

A Driver with a blood alcohol level equal to or greater than 0.02, but less than 0.04, may not return to duty until the start of the Driver's next regularly scheduled duty period, but not less than twenty-four hours from administration of the test. 5

Post-Accident Testing.⁶ Unless excepted by law, where a commercial motor vehicle being operated for the School District is involved in an accident, the School District shall, as soon as practicable under the circumstances, test the following Drivers for alcohol and controlled substances; any Driver who was driving, if the accident involved the loss of human life; any Driver who receives a citation for a moving traffic violation arising from the accident.

Immediately following an accident, the Driver must contact inform their supervisor or a School District administrator of the accident. The Driver must remain available for testing except that Drivers may leave the scene of an accident to seek necessary medical attention for injured persons, to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

The School District must order the Driver to complete post-accident alcohol and controlled substances testing as soon as reasonably possible under the circumstances. If an alcohol test is not administered within eight hours following the accident, or a controlled substances test is not administered within thirty-two hours following an accident, the School District will not continue to request or administer the test. In either instance, the School District will prepare and maintain a record of any reasons why a test is not administered within two hours of the accident.

Breath or blood test results for alcohol use, or urine test results for controlled substances use that are administered by federal, state, and/or local officials having independent authority to conduct the test, meet the requirements of this procedure if the results are released to the School District.

Return to Duty Testing⁷ Any Driver who has tested positive for alcohol or controlled substances, or has otherwise violated this Regulation, will be subject to testing before they may return to Driving for the School District. The Driver may be subject to additional testing after returning to duty.

Before returning to duty, any Driver who has violated the alcohol use prohibition must have a verified test indicating a blood alcohol concentration of less than 0.02. A Driver who has violated the controlled substances prohibition must have a verified negative return to duty test result before returning to duty.

4 49 C.F.R. § 382.307.

5 49 C.F.R. § 382.505(a).

6 49 C.F.R. § 303(d).

7 49 C.F.R. § 382.309 (citing 49 C.F.R. Part 40, Subpart O).

In order to return to Driving at the School District, and prior to taking any required return to-duty alcohol or controlled substance test, the Driver must be evaluated by a substance abuse professional ("SAP") and successfully participate in any prescribed assistance program. Before the Driver may return to work, the School District must receive a written statement from the SAP that the employee has been evaluated and has complied with any prescribed rehabilitation. Notwithstanding this provision, and subject to any applicable Collective Bargaining Agreement, the School District is not required to return the Driver to work after they meet these requirements.

Follow-up Testing⁸. Following a determination by a SAP that Driver needs assistance resolving problems associated with alcohol misuse and/or controlled substances use, the School District conduct unannounced follow-up alcohol and/or controlled substances testing of that Driver as directed by the SAP. The District shall conduct at least six unannounced tests during the first twelve (12) months following the Driver's return to duty Driving. The District will conduct follow-up alcohol testing of Drivers only immediately prior to Driving, when they are Driving or preparing to Drive, or immediately after Driving for the School District. The District's random testing program and/or any cancelled tests may not be used to meet this requirement.

Refusal to Test⁹. As set forth by federal regulations and subject to any limitations therein, a Driver has refused to take a controlled substance or alcohol test if they: fail or decline to take an employer required test; fail to appear for any test within a reasonable time (as determined by the School District); fail to remain at the testing site until the testing process is complete (except for preemployment testing); fail to provide a specimen; fail to permit observation or monitoring of providing the specimen or fail to follow an observer's instructions; fail to provide a sufficient amount of specimen when directed; fail to undergo a medical examination or evaluation as part of insufficient specimen procedures; fail to cooperate with any part of the testing process; admit to the collector that they used an adulterated or substituted specimen. For alcohol tests, refusal to test also includes refusal to complete Step 2 on the alcohol test form (ATF).

Reporting Requirements. The School District will report necessary Driver information to the Clearinghouse consistent with applicable laws.

Recordkeeping¹⁰. If the School District maintains a valid Clearinghouse registration, it is not required to maintain physical records of queries conducted and information received from the Clearinghouse. The School District shall maintain all other records relating to its alcohol misuse and controlled substance use prevention programs as required by state and federal law.

HIPAA The School District is committed to compliance with the health information privacy and security requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). The School District currently offers its employees HIPAA compliant plans. These are considered "health plans" within the meaning of HIPAA and the School District is the "Plan Sponsor." In order to assure compliance with HIPAA, the following Administrative Safeguards have been established.

8 49 C.F.R. § 382.311 (citing 49 C.F.R. Part 40, Subpart O).

9 49 C.F.R. §§ 40.191, 40.261.

10 49 C.F.R. §§ 382.401, 382.701(e).

Administrative Safeguards. The following safeguards will be implemented to ensure the confidentiality of protected health information, whether created, received, maintained or transmitted by the Plan. This includes information in electronic form, whether it is being stored or transmitted.

Authorization. The Superintendent appoints Human Resource Director to serve as the School District's HIPAA Privacy and Security Officer. Only School District employees designated by the Privacy and Security Officer as requiring access to protected health information for Plan administration purposes will be given access to protected health information. These employees

may view protected health information necessary to perform their duties without express authorization from the Plan member.

Training. School District employees authorized to have access to protected health information will receive training on an annual basis. Each such employee will be provided with a copy of the privacy policy and required to affirm, annually, in writing, that they have received the policy.

Security Incidents. Suspected or known security incidents will be identified, responded to and documented in writing. The harmful effects of such security incidents, known to the Plan, will be mitigated to the extent practicable.

Physical Safeguards. Plan members' protected health information will be stored in a locked file cabinet used solely for this purpose. Paper documents containing protected health information will be shredded before being discarded. Electronic files containing protected health information, if any, will be password protected. A facsimile machine used to transmit and receive protected health information will be in a secure location.

Technical Safeguards. To the extent protected health information is maintained electronically, access to electronic information systems or software programs will be provided to only those persons who have been granted access rights to protected health information. Procedures for controlling and tracking the handling of hardware and software, data backup, storage and disposal will be implemented. This includes the receipt, handling and disposal of protected health information. Employees will be required to close files when leaving their work stations to protect confidentiality.

The HIPAA Privacy and Security Officer will develop a contingency plan to maintain the continuity of operations in an emergency or disaster and to enable recovery of data following disaster. An annual internal audit of data security will be conducted, including the evaluation of security measures to protect data and review of personnel compliance with the Policy and procedures.

Family and Medical Leave Act (FMLA)

Eligibility. School District employees may be eligible for up to 12 weeks of unpaid leave under the Family and Medical Leave Act (FMLA). Employees are eligible if they: have at least 12 months of service with the School District; and, have worked for the School District for at least 1,250 hours within the preceding 12-month period. The 12-month period will be calculated separately for each employee. It will be determined based on a rolling calendar, looking backward from the commencement of the FMLA leave.

Qualifying Events. FMLA leave may be taken: for the birth of a child and to care for a newborn child; for the placement of a child with the employee for adoption or foster care; to care for a child, spouse, or parent of the employee who has a serious health condition; for the employee's own serious health condition which causes the employee to be unable to perform the essential functions of his or her job; where the employee experiences a qualifying exigency arising out of the fact that the employee's spouse, parent, or child is a covered military member on active duty or has been called to or on covered active duty status in the National Guard or Reserves; or, to care for an armed forces member or qualified veteran who is a spouse, parent, child, or next of kin of the employee and who is injured while on covered active duty, including an injury that manifests itself after completion of active duty.

Serious Health Condition. A "serious health condition" for purposes of this Administrative Regulation is an illness, injury, impairment, or physical or mental condition that involves: an overnight stay in a hospital, hospice, or residential medical care facility; a period of incapacity for more than three consecutive days, combined with continuing treatment or supervision by a health care provider; a period of incapacity due to pregnancy or for prenatal care; a period of incapacity due to a chronic serious health condition; a period of incapacity that is permanent or long term; or, a period of absence during which the employee will receive multiple treatments from a health care provider for restorative surgery or for a condition that would likely

result in a period of incapacity of more than three full calendar days in the absence of medical treatment (e.g. chemotherapy, physical therapy or radiation).

Applying for a Leave under the FMLA. An employee who plans to take FMLA leave must provide the School District with written notice at least 30 days in advance. If the FMLA leave is not foreseeable, and 30 days' notice cannot be given, the employee must submit the request for leave as soon as possible (within two working days of learning of the need for leave, absent extenuating circumstances). Where an employee fails, or is unable to provide thirty 30 days' notice of a foreseeable leave, the School District may delay the commencement of the leave for up to 30 days after the employee provides the required notice.

The School District will provide employees requesting FMLA leave with written notice specifying the expectations and obligations of the employee while on leave and explaining the consequences of failure to meet those obligations.

Intermittent Leave. FMLA leave taken to care for a family member with a serious health condition or due to the employee's own serious health condition may be taken intermittently or on a reduced schedule, when medically necessary.

FMLA leave requested for the birth of a child, to care for a newborn child or for the placement of a child with the employee for purposes of adoption or foster care may not be taken intermittently or on a reduced leave schedule unless the employee and School District agree.

Instructional employees who request intermittent leave or a reduced schedule FMLA leave that constitutes more than 20% of the working days in the period during which the leave would extend may be required to choose either to: take FMLA leave for all or part of the FMLA leave period; or, transfer temporarily to an alternative position with equivalent pay and benefits that better accommodates the School District's needs during the leave.

Instructional employees who request FMLA leave that will end near the conclusion of an academic term may be required to continue the leave until the end of the term.

Group health plan benefits will be maintained for the employee during the FMLA leave and the School District will contribute the same portion of the premium as it did while the employee was working. If the employee fails to make timely payment of his/her portion of the premium, the School District reserves the right to cease to maintain the employee's health benefits, provided the School District notifies the employee in writing at least 15 days before health coverage will lapse. If the employee fails to return from leave, the employee may be required to reimburse the School District for all premiums paid by the School District during the leave.

FMLA leave is generally unpaid. The employee may choose, or the School District may require, that any of the employee's available accrued paid vacation or personal leave be substituted for any part of the twelve (12) week FMLA leave period. An employee may choose, or the School District may require, that an employee's available sick leave be substituted for any part of the FMLA leave if the employee or a family member of the employee has a serious health condition for which sick leave is otherwise available. FMLA leave may run concurrently with workers' compensation or disability insurance coverage for a serious health condition.

The School District may require that any FMLA leave request be supported by certification (and, in appropriate cases, by periodic re-certifications) from a health care provider. The certification should be provided before the leave begins, if foreseeable, and must, in any event, be provided within 15 calendar days of a request made by the School District. The failure to provide a required medical certification in timely fashion may result in denial of the leave until the certification is provided.

An employee is not entitled to the accrual of any seniority or employment benefits that would have otherwise accrued during the period of leave unless specifically provided by the applicable collective bargaining agreement or an individual contract of employment.

The School District is prohibited from terminating or in any other manner discriminating against an employee for exercising rights under the FMLA.

Earned Sick Time: Eligible employees will accrue earned sick time (EST).

Return from Leave. The School District may require that an employee returning from FMLA leave due to a serious health condition obtain certification from his/her health care provider that the employee is able to resume his/her duties and responsibilities.

Upon returning from FMLA leave, the employee may be returned to the same position he/she previously held or to an equivalent position with equivalent pay, benefits and other terms and conditions of employment. However, an employee on FMLA leave has no greater right to reinstatement or other benefits than if he or she had been continuously employed during the leave period. An employee on FMLA leave remains subject to legitimate job changes and reductions in force that occur during the leave, and such changes may result in the employee being denied reinstatement. The School District may, after notice, deny reinstatement to the highest paid 10% of all employees ("key employees") where necessary to prevent substantial and grievous economic injury to the School District.

4004-AR Evaluations, Layoff and Recall, Discipline and Discharge and Resignations

Evaluations

Effective July 1, 2024, the evaluation tools for both administrators and teachers will be reclassified to have three ratings: effective, developing, and needing support. Student growth components for both administrators and teachers will be calculated based on the requirements of the Revised School Code. Any disputes regarding evaluations will be subject to the dispute process in Section 1249 of the Revised School Code

Superintendent's Evaluation. Superintendent evaluations will be consistent with the Superintendent's employment contract and compliant with Michigan law in a format determined by the Board of Education.

Evaluations of Administrators, Teachers and Others

Administrators. The Superintendent will evaluate administrators annually using the School Advance evaluation tool. Beginning in the 2024-2025 school year, for the first three years a school administrator is in a new administrative position, the Superintendent will assign a mentor to the school administrator. The Superintendent will, for each year the administrator is evaluated, conduct a midyear progress report.

Teachers. Building principals will evaluate teachers annually using the Five Dimensions evaluation tool. All teacher evaluations require at least two observations. Any midyear progress meetings conducted by Administrators will review relevant student achievement data. The evaluation system will rate teachers with ratings as required by Section 1249 of the Revised School Code. Administrators will provide written feedback to teachers as required by law.

Beginning in the 2024-2025 school year, classroom observations must be for a minimum of thirty minutes, but need not be an entire class period. Building principals will meet with teachers following observations and provide written observation feedback within five (5) days of the observation.

Employees Whose Evaluations are Not Governed by Section 1249 of the Revised School Code. The Superintendent will determine the manner in which such employees are evaluated.

Layoff, Recall and Personnel Decisions Affecting Teachers This administrative guideline applies to those individuals whose employment is regulated by the Teachers' Tenure Act, MCL 38.71 *et seq.*

As used herein, the term "effectiveness" is based on the effectiveness label given a teacher in their most recent year end evaluation pursuant to the School District's evaluation system.

The term "qualification" as used herein includes, but is not limited to, an individual's: areas of certification, level of degree attained, type of degree attained (major, minor, or area(s) of focus), relevant previous experience, grade level of relevant experience, relevant classes or training, previous ratings, effectiveness and overall performance as a teacher, or past disciplinary or other employment concerns.

Process for Conducting Layoffs. Reductions shall take place first based on department and location. The District shall layoff starting with the teacher with the lowest Effectiveness Rating and proceeding toward the teacher with the highest Effectiveness Rating in the department.

If two teachers are being considered and share the same effectiveness rating, then the Superintendent or his/her designee must compare the potential individuals using each of the elements of the standards from section 1248 of the Revised School Code as set out below. Only when all elements within one level are equal and the candidates cannot be differentiated should the Superintendent or his/her designee move to the next level. Those levels are as follows:

Individual Performance. Individual performance consists of the following:

Evidence of student growth, which shall be the predominant factor in assessing an employee's individual performance.

Demonstrated pedagogical skills, including at least a special determination concerning the teacher's knowledge of his or her subject area and the ability to impart that knowledge through planning, delivering rigorous content, checking for and building higher-level understanding, differentiating, and managing a classroom and consistent preparation to maximize instructional time.

Classroom management, manner and efficacy of disciplining pupils, rapport with parents and other teachers and ability to withstand the strain of teaching.

The teacher's attendance and disciplinary record, if any.

Significant, relevant accomplishments and contributions. This factor shall be based on whether the individual contributes to the overall performance of the school by making clear, significant, relevant contributions above the normal expectations for an individual in his or her peer group and having demonstrated a record of exceptional performance.

Relevant special training. This factor shall be based on completion of relevant training other than the professional development or continuing education that is required by the employer or by state law, and integration of that training into instruction in a meaningful way.

If all of the above factors are equal, the Superintendent or his/her designee may consider a teacher's seniority or tenure status.

In the event of a layoff, a teacher to be laid off will be given as much advance notice as practicable.

Process for Conducting Recalls.

Teacher Rated Effective or Highly Effective.

Teachers rated highly effective on their most recent year end evaluation will be recalled first, followed by those rated effective on their most recent year end evaluation.

If a recall decision is between teachers with the same effectiveness rating on his/her most recent year end evaluation, the factors listed in "Process for Conducting Layoff – Individual Performance" will be used to distinguish which individual should be recalled.

A teacher on layoff will not be considered qualified for recall if that teacher has no experience teaching the subject matter, does not have a degree in the subject matter or has not taught at the level (i.e., elementary, middle, or high school level).

A highly effective or effective teacher will not be eligible for recall if: he/she fails to respond to a recall notice within five days; or, has resigned or otherwise terminated his/her employment with the School District.

Teachers Rated Minimally Effective or Ineffective.

Teachers rated minimally effective or ineffective will not be automatically recalled.

A teacher that has received a rating of ineffective on his/her most recent year end performance rating will not be given any preference that would result in him/her being retained or recalled over a teacher rated minimally effective, effective, or highly effective.

Discipline and Discharge

Voluntary Discipline and Discharge. Voluntary discipline and discharge should be documented in an agreement approved by the School District's Human Resource Director.

Involuntary Discipline and Discharge.

Due Process. Involuntary Discipline and Discharge should be preceded by such due process as is required by the law and the employee's individual employment contract or collective bargaining agreement.

Authority. The School District's Superintendent and Human Resource Director have authority to approve involuntary discipline or discharge. Involuntary discipline and discharge (as well as other actions) that trigger the requirements of the Teachers' Tenure Act may only be taken in conformity with the Act's requirements.

Retirement and Resignation School District employees may retire or resign at any time in conformity with any applicable individual employment contract or collective bargaining agreement. Retirements and resignations must be submitted to the School District's Superintendent or Human Resource Director. The Superintendent has the authority to accept resignations on behalf of the Board of Education.

5004-AR**Surplus Property**

Generally The Superintendent, or designee, will develop a process for the periodic review of all real and personal property owned by the School District to determine whether any property is no longer needed for School District purposes. This may be due, in part, to the fact that the property is outdated or broken and beyond repair.

Disposal of Real Property Real property consists of School District land and buildings and fixtures. The Superintendent, or designee, will periodically review the real property owned by the School District to determine whether any such property is believed to be no longer needed for School District purposes. The Superintendent, or designee, will, based on this review, recommend to the Board of Education that it consider disposing of any real property that has been identified as no longer needed for School District purposes. The recommendation may include the estimated value of the property and possible means of disposition. In cases when the Board authorizes the sale or other disposition of real property, the Superintendent may, with concurrence of the Board, establish the asking price and other minimum terms. This information may be disseminated to real estate brokers, agents, and other persons who have indicated an interest in acquiring the property and the property may be listed or advertised for sale.

If the Board resolves to dispose of surplus real property by seeking bids or offers, the Superintendent, or designee, will solicit bids by publishing a notice including the following information and conditions: (A) that sealed offers (or bids) are being solicited; (B) the date for submission of offers (or bids) with a statement that late offers (bids) will not be considered; (C) the type of offers desired – cash, lease or exchange; (D) the amount of an earnest money deposit which must accompany an offer; (E) that the property is offered “as is,” unless otherwise authorized by the Board; (F) that the person seeking to acquire the property will be given an opportunity, at the prospective purchaser’s sole expense, to inspect and perform testing customarily required in connection with the purchase of similar property during a period of not more than ninety (90) days (unless otherwise authorized by the Board) and that restoration of the premises and indemnity will be required to be provided by the person or entity seeking to acquire the property; (G) that title insurance will be provided by the School District; (H) that the offer must be irrevocable for ninety (90) days; (I) that a contract to dispose of real property owned by the School District shall not be binding upon the School District unless and until approved by the Board of Education through resolution at a public meeting and executed by the person or persons specifically authorized to do so by the Board; and, (J) that the School District reserves the right to accept or reject any and all offers, in whole or in part, and reserves the right to negotiate the terms and conditions or any offer deemed to be in the best interest of the School District. Bids or offers solicited in this fashion will be forwarded to the Board with the recommendation of the Superintendent.

Disposal of Personal Property The Superintendent, or designee, may review the property of the District periodically and to dispose of that material and equipment which is no longer usable in accordance with the terms of this policy.

The District shall inspect the equipment used in the instructional program periodically, to determine the condition and usability of such equipment in the current educational program. Should the equipment be deemed no longer serviceable or useable, the following criteria will be used to determine possible disposal:

1. repair parts for the equipment no longer readily available
2. repair records indicate the equipment has no usable life remaining
3. obsolete and no longer contributing to the educational program
4. some potential for sale at a school auction
5. creates a safety or environmental hazard

Bad Debt The School District defines bad debt as uncollectable/delinquent debt that has been determined to be uncollectable by June 30th of the fiscal year in which the debt was incurred or, in the event the debt was transferred to the next consecutive school year, June 30th of the next fiscal year. Debt is considered uncollectable/delinquent if the District has exhausted its collection attempts, as described in the preceding section. If the uncollectable/delinquent debt cannot be recovered by the School Meals Program in the year when the debt was incurred, the debt is classified as bad debt. Bad debt shall be classified as an operating loss.

Once classified as bad debt, non-federal funding sources must reimburse the nonprofit school food service account (NSFSA) for the total amount of the bad debt. The funds may come from any non-federal funding, including: the School District's general fund, state or local funding, or school or community organizations such as the PTA. Bad debt also includes losses (whether actual or estimated) arising from uncollectable accounts, including costs associated with collection efforts or legal costs incurred prior to its classification as bad debt.

Recordkeeping Once uncollectable/delinquent debt charges are converted to bad debt, the School District shall maintain records relating to those charges.

Audits and Reviews Upon request, the District must make accounts and records regarding its school food service available to the Michigan Department of Education and/or the United States Department of Agriculture, Food and Nutrition Service for audit or review. Such records shall be retained for a period of three years after the date of the final claim for federal reimbursement for the fiscal year in which the charges

- All purchases of materials, equipment and supplies will be made through the issuance of a purchase order utilizing the District's Purchasing System.
- Prior to issuing a purchase order, competitive pricing is to be pursued, as follows:

 2. Purchases not subject to competitive bidding. In all other instances, the School District shall use measures, considered reasonable under the particular circumstances, intended to secure the highest quality product at the lowest possible price.
- Generally, orders or contracts will be awarded to the lowest, responsible, qualified vendor, considering the following factors: price, quality, conformance to specifications and identified needs, service and maintenance and vendor reliability. The Board of Education reserves the right to reject or accept bids or portions of bids.

³The criteria for awarding contracts for professional services will be determined by the Board of Education, following recommendations from the Superintendent, on an ad hoc basis.

5010-AR Procurement of Professional Services

Professional services, such as architectural, legal, engineering, consulting and auditing services, frequently requires familiarity with School District personnel, practices and facilities. The School District recognizes there are advantages in maintaining continuity in the provision of these services and does not require bidding or annual re-bidding, except in cases where the Superintendent considers it in the School District's best interest. Periodically, the School District may competitively bid such services to ensure that service and pricing are aligned with the School District's best interests and industry norms.

5011-AR Post-Issuance Tax Compliance

POST-ISSUANCE TAX COMPLIANCE POLICY FOR TAX-EXEMPT OBLIGATIONS AND TAX CREDIT BONDS

Background The purpose of this Post-Issuance Tax Compliance Policy is to establish guidelines and procedures in connection with tax-exempt or tax-advantaged bonds and other debt obligations as described herein (the "Compliance Policy"). This Compliance Policy is issued on behalf of Anchor Bay School District (the "District").

It is the intent of the District to ensure that all tax-exempt obligations issued by the District satisfy and will continue to satisfy all requirements of the Internal Revenue Code of 1986, as amended (the "Code") and regulations thereunder (the "Regulations"). Tax-exempt borrowings and other borrowings of the District, including but not limited to tax-exempt bonds, refunding bonds, tax credit bonds, installment and lease purchase agreements, lines of credit, revenue anticipation notes, tax anticipation notes and bond anticipation notes shall generally be referred to as "Obligations."

The District reserves the right to use its discretion as necessary and appropriate to make exceptions to this Compliance Policy or request that additional requirements be adhered to as circumstances warrant. The District also reserves the right to amend this policy and all related procedures from time to time as deemed necessary in the District's sole discretion. In addition, this policy is subordinate to the Code and any regulations thereto and is subject to amendment or deletion depending on the content of any new regulations or Code amendments promulgated by the United States Treasury.

Debt Compliance Officer The Director of Business Services shall serve as the Debt Compliance Officer for the District.

The Debt Compliance Officer shall implement procedures for the purpose of monitoring compliance with regard to all tax-exempt or tax-advantaged obligations. The procedures established and implemented by the Debt Compliance Officer shall encourage the timely identification of noncompliance. The Debt Compliance Officer shall ensure that the District maintains a record of such compliance reviews. Further, the Debt Compliance Officer will ensure that this Post-Issuance Debt Compliance Policy and procedures, if any, are updated on a regular and as needed basis, as well as establish procedures designed to detect non-compliance and to promptly address the necessary steps in the event non-compliant actions or inactions are detected.

This Post-Issuance Tax Compliance Policy shall apply to all Obligations designated as having tax-exempt or tax-credit status issued on behalf of the District. The duties of the Debt Compliance Officer shall include, but not be limited to, the following:

- 1) oversee and manage compliance with the Code and Regulations, as defined above, as well as other general requirements;
- 2) monitor the use of proceeds from Obligations and ensure that such use is proper and timely;
- 3) supervise timely filings of reports or forms required by state and federal agencies, as applicable;
- 4) monitor arbitrage yield restriction and rebate requirements under the Code;
- 5) develop training programs, as necessary, for the purpose of training individuals responsible for the proceeds of the tax-exempt or tax-advantaged debt;
- 6) monitor compliance with six-month, 18-month or 2-year spending exceptions, if applicable; and
- 7) establish procedures to address non-compliance with state or federal law immediately upon the discovery of such non-compliance.

External Advisors/Documentation The District shall consult with bond counsel and other legal counsel and advisors, as needed, throughout the issuance of an Obligation to identify requirements and to establish procedures necessary or appropriate so that the Obligation will continue to qualify for tax-exempt status or tax credit status, as applicable.

The District also shall consult with advisors, bond counsel or other legal counsel, as needed, following issuance of an Obligation to ensure that all applicable post-issuance requirements in fact are met. This shall include, without limitation, consultation in connection with any potential changes in use of assets financed (or refinanced) with the Obligations issued. This requirement shall be documented in the tax certificate and/or other documents finalized at or before issuance of the Obligations.

The District shall be responsible to determine (or obtain expert advice to determine) whether arbitrage rebate calculations or rebate payments are required have to be made for the Obligations. If it is determined that such calculations are required or likely to be required, the District shall engage an advisor (hereinafter "Rebate Service Provider") to assist in the calculation of arbitrage rebate payable with respect to the investment of proceeds from the issuance of the Obligations, or shall otherwise ensure that it has adequate financial, accounting and legal resources of its own to make such calculations.

In lieu of engaging an outside Rebate Service Provider, the District may make a determination that it has sufficient capabilities using its own personnel, supported by its regular accounting and legal advisers, to be able to complete the required rebate calculations. Such determination shall be evidenced in writing with specific reference to the personnel and advisers to carry out the calculations, and such written determination shall be maintained in the records of the bond transaction.

The District shall file or cause to be filed all required IRS forms and make any rebate payments required on a timely basis. Unless otherwise provided by the indenture relating to an Obligation, unexpended proceeds shall be held by a trustee or other financial institution, and the investment of bond proceeds shall be managed by the District. The District shall prepare (or cause the trustee or other financial institution to prepare) regular, periodic statements regarding the investments and transactions involving proceeds of the Obligations.

Arbitrage Rebate and Yield The Debt Compliance Officer or his/her designee shall be responsible for overseeing compliance with arbitrage rebate requirements under federal tax regulations. The following

requirements shall apply to any Obligation issued by the District for which compliance with arbitrage rebate requirements under the Code and Regulations is required:

- 1) If at the time of issuance of any Obligation, based on reasonable expectations set forth in the Tax Certificate or other applicable document(s), it appears likely that the Obligation will qualify for an exemption from the rebate requirements, the District may defer taking any of the actions set forth in subsection (2). Not later than the time of completion of construction or acquisition of the project, and depletion of all funds from the project fund, the District in consultation with the appropriate professionals shall make a determination if expenditure of the bond proceeds qualified for exemption from the rebate requirements based on spending within a 6 month or 18 month period after issuance. If rebate exemption is determined to be applicable, the District shall prepare and maintain a record to support such conclusion. If the transaction does not qualify for rebate exemption, the District shall initiate the steps set forth in (2) below.
- 2) If at the time of issuance of any Obligations it appears likely that arbitrage rebate calculations will be required, or upon determination that calculations are required pursuant to (1) above, the District shall:
 - a) engage the services of a Rebate Service Provider or assign District personnel capable of preparing a rebate analysis for the Obligation and, prior to each rebate calculation date, cause the trustee or other financial institution investing bond proceeds to deliver periodic statements concerning the investment of proceeds to the Rebate Service Provider or relevant District personnel handling the rebate calculation;
 - b) provide to the Rebate Service Provider, or relevant District personnel conducting any rebate calculation, additional documents and information reasonably requested by the Rebate Service Provider or District personnel;
 - c) monitor efforts of the Rebate Service Provider or District personnel;
 - d) in the case of obligations issued by the District, assure payment of required rebate amounts, if any, no later than the applicable rebate payment due date for such Obligation for which rebate is due;
 - e) during the construction period of each capital project financed in whole or in part by an Obligation, monitor the investment and expenditure of bond proceeds and consult with the Rebate Service Provider or relevant District personnel handling rebate calculation to determine compliance with any applicable exceptions from the arbitrage rebate requirements during each 6-month spending period up to 6 months or 18 months, as applicable, following the issue date of the Obligations; and
 - f) retain copies of all arbitrage reports and trustee statements as described below under "Record Keeping Requirements."

Use of Bond Proceeds and Bond-Financed or Refinanced Assets The Debt Compliance Officer, or his/her designee, shall be responsible for:

- 1) monitoring the use of Bond proceeds (including investment earnings and including reimbursement of expenditures made before bond issuance) and the use of the debt obligation financed or

refinanced assets (e.g., facilities, furnishings or equipment) throughout the term of the Obligations to ensure compliance with covenants and restrictions set forth in the Tax Certificate or other applicable agreements relating to the Obligations;

- 2) monitoring the use of Bond proceeds (including investment earnings and including reimbursement of expenditures made before bond issuance) and the use of Bond-financed or refinanced assets (e.g., facilities, furnishings or equipment) throughout the term of the Obligations to ensure compliance with covenants and restrictions set forth in the Tax Certificate or other applicable agreements relating to the Obligations;
- 3) maintaining records identifying the assets or portion of assets that are financed or refinanced with proceeds of each issue of Obligations (including investment earnings and including reimbursement of expenditures made before bond issuance), including a final allocation of Bond proceeds as described below under "Record Keeping Requirements";
- 4) consulting with bond counsel or other professional advisers in the review of any change in use of Bond-financed or refinanced assets to ensure compliance with all covenants and restrictions set forth in the Tax Certificate or other applicable agreements relating to the Obligations;
- 5) conferring at least annually with personnel responsible for Bond-financed or refinanced assets to identify and discussing any existing or planned use of debt obligations financed or refinanced assets, to ensure that those uses are consistent with all covenants and restrictions set forth in the Tax Certificate or other applicable agreements relating to the Obligations;
- 6) to the extent that the District discovers that any applicable tax restrictions regarding use of proceeds will or may be violated, consulting promptly with bond counsel or other professional advisers to determine a course of action to remediate all nonqualified bonds, if such counsel advises that a remedial action is necessary;
- 7) to the extent that tax-exempt proceeds from the debt obligation were used to acquire an existing building, confirming that qualified rehabilitation expenditures in an amount equal to at least 15% of the amount of such proceeds were made no later than 24 months after the later of (1) the date of issuance of the Obligations, or (2) the date of acquisition of the building;
- 8) the District shall review the debt obligations at least annually in order to determine if this Policy and state and federal law are being adhered to; and
- 9) undertaking the following:
 - a) retain copies of all arbitrage reports and trustee statements as described below under "Record Keeping Requirements" and, upon request, providing such copies to the bond issuer;
 - b) with respect to Qualified Zone Academy Bonds (QZABs) and any other tax credit bonds, confirming that 100% of available project proceeds are spent within three years of issue date of bonds;
 - c) with respect to facilities financed by QZABs or other tax credit bonds, confirming that such facilities continue to be used for a qualified purpose for the life of the Obligations; and

- d) with respect to other types of exempt facilities, adopting any such procedures that bond counsel or other professional advisors deem appropriate to periodically assess whether such facility continues to qualify as an exempt facility.

All relevant records and contracts shall be maintained as described below.

Record Keeping Requirement The Debt Compliance Officer, or his/her designee, shall be responsible for maintaining the following documents for the term of each Obligation (including refunding bonds, if any) plus at least three years:

- 1) a copy of the closing transcript(s) and other relevant documentation delivered to the District at or in connection with closing of the issue of Obligation;
- 2) a copy of all material documents relating to capital expenditures financed or refinanced by Bond proceeds, including (without limitation) construction contracts, purchase orders, invoices, trustee requisitions and payment records, as well as documents relating to costs reimbursed with Bond proceeds and records identifying the assets or portion of assets that are financed or refinanced with Bond proceeds, including a final allocation of Bond; and
- 3) a copy of all records of investments, investment agreements, arbitrage reports and underlying documents, including trustee statements, in connection with any investment agreements as well as copies of all bidding documents, if any.

Adopted on March 25, 2013 to be effective immediately.

6002-AR

Safety and Security

Facilities Inspection and Maintenance Program A comprehensive facilities inspection and maintenance program will assure that School District facilities and grounds are kept safe, clean and attractive. The School Safety Commission Liaison will coordinate an inspection program that includes, at a minimum: mechanical systems (heating, ventilation and air conditioning); electrical (interior and exterior); roofs; windows and doors (interior and exterior); gates and fences; interior surfaces (floors, ceilings, walls); fire equipment; restrooms (accessibility, functionality and cleanliness); sewers; playground and other school grounds; and, overall cleanliness.

Threat Assessment and Suicide Intervention.

Policy 6002 provides for the development of a threat assessment protocol intended to assist school staff in responding the situations that arise in the operation of the school which pose a threat to the health, safety, and welfare of the school community. This administrative regulation is intended to outline that protocol and the expectations of staff.

1. The Superintendent shall establish, for each school, a threat assessment and suicide intervention team, for the assessment of and intervention with individuals whose behavior may pose a threat to themselves or the safety of school staff or students.
2. The Superintendent shall develop or acquire a threat assessment and suicide intervention tool or form to guide threat assessment and suicide intervention which is consistent with the U.S. Secret Service and Department of Homeland Security's "Enhancing School Safety Using a Threat Assessment Model."
3. A threat assessment team may serve one or more schools as determined by the Superintendent.
4. Each team shall include persons with expertise in school administration, counseling, instruction, and law enforcement and, in the case of any school in which a school resource officer is employed, at least one such school resource officer. The team may include persons with other areas of expertise. Members of the threat assessment and suicide intervention team will be provided training in the use of any threat assessment tool.

5. Each team shall:

- a. Provide guidance and training to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a threat to the community, school, or self, including training that a student's communication or behaviors might suggest either that an individual may cause physical harm or presents a potential threatening situation and that the threat assessment and suicide intervention team must inquire about the student's access to weapons with the student and when contacting the parent;
- b. Identify one or two members of the threat assessment and suicide intervention team who can, if necessary, operate or use any video surveillance system, and obtain training for that team member if necessary;
- c. Identify one or two members of the threat assessment and suicide intervention team who can, if necessary because of the volume of threat assessments, filter reports of concerning conduct with authority to elevate concerns to the full threat assessment and suicide intervention team for review;
- d. Identify members of the school community to whom threatening behavior should be reported; and
- e. Recommend school board policies for the assessment of and intervention with individuals whose behavior poses a threat to the safety of school staff or students.

6. The Superintendent may establish a committee charged with oversight of the threat assessment and suicide intervention team(s). An existing committee may be designated to assume the oversight responsibility. Any such committee established for oversight of the threat assessment team(s) shall include individuals with expertise in human resources, education, school administration, mental health, and law enforcement.

7. All school division employees, volunteers, and contractors are required to report any expressed threat(s) or behavior(s) that may represent a threat to the community, school, or self.

8. In cases where determined to be appropriate, teams shall follow established procedures for referrals to community services boards or health care providers for evaluation or treatment.

9. Regardless of threat assessment activities, disciplinary action and referral to law enforcement are to occur as required by school board policy and Michigan law.

10. Upon a preliminary determination that a student poses a threat of violence or physical harm to self or others, the threat assessment team shall immediately report its determination to the Superintendent. The Superintendent shall immediately attempt to notify the student's parent or legal guardian.

11. Nothing in this regulation shall preclude school division personnel from acting immediately to address an imminent threat.

12. Nothing in this policy regulation preclude the threat assessment and suicide intervention team from notifying the Superintendent of any individual (other than a student) who poses a threat of violence or physical harm to self or others.

13. Upon a preliminary determination by the threat assessment and suicide intervention team that an individual poses a threat of violence to self or others, exhibits significantly disruptive behavior, or has a need for assistance, members of the threat assessment and suicide intervention team may request and obtain criminal history record information (of adults and juveniles) and health records.

14. Unless required by law, no member of a threat assessment and suicide intervention team shall re-disclose any criminal history record information or health information obtained pursuant to this section or otherwise use any record of an individual beyond the purpose for which such disclosure was made to the threat assessment team.

15. The threat assessment and suicide intervention team may not maintain the criminal history record printed from the system access terminal, nor may they make copies of it.

16. Juvenile delinquency or criminal history information may not be placed in a student's central educational/scholastic record unless the school is taking disciplinary action related to the incidents. School staff (including members of the threat assessment team) with a legitimate educational interest may store information about such incidents in records they maintain that are separate from the student's educational/scholastic record

In addition, the Board will develop and adopt an Emergency Operations Plan pursuant to MCL 380.1308b of the Revised School Code.

Fees charged shall cover trip expenses.

6009-AR

Use of School District Facilities

Generally The School District's buildings, facilities and property were acquired for educational and related purposes. Therefore, use of buildings, facilities or property shall be consistent with the School District's mission, educational programs and extra-curricular purposes. The Superintendent, or designee, may develop and implement additional administrative procedures permitting the use of District buildings, facilities and property.

Fees The School District facilities currently in use for the K-12 instructional program are made available to responsible groups and organizations in the Superintendent's discretion. Groups and organizations requesting the use of District facilities are assessed fees according to the following fee table:

<https://www.anchorbay.misd.net/departments/facilities/>

Building or Facilities Permit Procedures The Maintenance Supervisor will develop and post an application an individual, group or organization may submit to the Maintenance Department requesting to use School District Buildings or Facilities. The Building Principal will grant or deny the application and notify the Maintenance Department.

If an application is granted, the individual, group or organization will complete and execute an Agreement for the Use of School District Buildings and Facilities developed by the Building Principal and Maintenance Supervisor that will address, at a minimum: the fee the School District will receive, which will be at least sufficient to cover all marginal costs associated with the use; the liability or other insurance the user will carry and the fact the School District will be named as an additional insured; a release of the School District (including School District agents and employees) for any injuries or damages that occur during the use; and, an agreement to indemnify and hold harmless the School District against such injuries, damages and actual attorney's fees and costs arising or relating to related litigation.

Furthermore, the Board of Education, its individual board members, officers and agents, and the School District, as well as its employees and volunteers shall be named as additional insureds.

6011-AR Surveillance of and in School District Buildings and Facilities

The School District, with the Superintendent's approval, may promote school safety by employing surveillance of and in School District Buildings and Facilities. In the event of routine and on-going recorded electronic surveillance of the general public or students, the Maintenance Supervisor will post conspicuous notice that surveillance may be taking place. Recorded electronic surveillance will not take place inside bathrooms, locker rooms or other places where recorded electronic surveillance would compromise reasonable standards of modesty.

Recorded electronic surveillance may be or become subject to a FOIA request, a subpoena or may be or become an education record within the meaning of FERPA. In such cases, person receiving the FOIA request or subpoena or the building principal (in the case of an education record) will notify the

Superintendent and the Director of Technology that it is or may be necessary to save the recorded electronic surveillance consistent with law and Board policy and administrative regulations.

Stormwater Discharge.

The Superintendent appoints the School District's Director of Operations and Maintenance to determine whether the School District is required to obtain an NPDES Municipal Separate Storm Sewer System (MS4) discharge permit and, if so, to obtain a permit and create a Stormwater Management Program Plan (SWMP) or any other mechanism that implements and carries out those inspections, procedures, and best practices necessary to comply with permit requirements.

7000-AR SCHOOL-COMMUNITY RELATIONS

The 7000 series of Board Policies requires or permits the Superintendent to promulgate and implement administrative regulations. Michigan Freedom of Information Act

Introduction This Regulation is published by the School District to inform the public of its rights under the Michigan Freedom of Information Act ("FOIA" or "the Act"). The regulation and guidelines, below, are not intended to, and should not be read to limit the rights actually created by FOIA. Accordingly, to the extent this regulation or the guidelines are found to be inconsistent with FOIA, or inconsistent with a future amendment to FOIA, the Act governs. The School District retains the right to revise this regulation and the guidelines.

Requesting Public Records Under FOIA, the Director of Human Resources is the School District's "FOIA Coordinator". Public records may be requested by providing the School District's FOIA Coordinator with a written request that identifies the public records with enough specificity to permit the School District to locate them. For requesters other than indigent persons, the request must also include the requester's complete name, address, and contact information or, if the requester is other than an individual person, such as a company or organization, the request must also include the complete name, address, and contact information of the requester's agent who is an individual person. The written request may be on paper or it may be electronic or digital. The School District will not accept or respond to a verbal request for public records.

A person may subscribe to public records that are created, issued or disseminated on a regular basis. A subscription is valid for up to six months and may be renewed.

The School District will not accept or respond to a verbal request for public records. However, where a School District employee receives a verbal request and is aware the public records are available on the District website, the School District employee may notify the requestor of the website address.

Response to Request for Public Records The District is required to respond, in writing, to a written request for public records. The District may grant the request, deny the request or grant the request in part and deny the request in part.

Timeline The District has five (5) business days to respond to a written request for public records. Requests sent by email or other electronic transmission are not considered "received" until the first business day after the email or electronic transmission was sent. However, if the request was sent by email or electronic transmission was delivered to the District's spam or junk mail folder, the request is not considered

received until the District actually becomes aware of the request. The District may extend the time for responding by ten (10) business days if the nature of the request justifies an extension by so notifying the person who made the request, in writing, and within the original five business day response window.

Types of School District Responses

Granting a Request. The District's FOIA Coordinator will grant a request for public records by so notifying the requestor in a timely manner and in writing. The District will also provide notice if some or all of the public records are available on its web site and will include a specific web site address, if practicable.

Denying a Request. The District's FOIA Coordinator may deny a request if the request is not specific enough to allow the District to locate the public records in question by so certifying that fact to the requestor in writing. The District's FOIA Coordinator may also deny a request if the requested public records are exempt from disclosure under the Act. If only part of a public record is exempt, the FOIA Coordinator will redact the exempt part and, otherwise, grant the request.

Allowable Fees FOIA allows the District to charge the following fees incurred for processing and responding to FOIA requests, as stated below.

Labor Costs

Generally, FOIA does not permit the District to charge labor costs for searching for, locating, examining, separating, or reproducing public records unless a failure to charge a fee would result in unreasonably high costs to the District because of the nature of the request in the particular instance and the District specifically identifies the nature of these unreasonably high costs. Examples of requests that may cause such unreasonably high costs include, but are not limited to: voluminous requests, requests that require time-consuming searches, significant separation or redaction of exempt documents or information, significant IT personnel time, etc. In cases where labor costs are allowable, they will be charged according to these guidelines.

Searching for, Locating and Examining Public Records. The District may charge labor costs directly associated with searching for, locating and examining requested public records in conjunction with receiving and fulfilling a granted request. Except as provided by the Act, the District will not charge labor costs for searching for, locating and examining public records that are on the School District's web site at the time the request is made.

Separating or Deleting Exempt Information. The District may charge labor costs directly associated with separating or deleting information that is exempt from disclosure under the Act, unless the District has previously redacted the public record(s) and the redacted version is still in the District's possession. The District will not charge for separating documents that are available on its web site.

Reproducing Information. The District may charge labor costs directly associated with duplicating or publishing public records. This includes the time spent making paper copies, making digital copies and transferring public records to non-paper physical media or through the internet, if so requested.

Limitations on Labor Costs. Subject to the Itemization of Allowable Fees section of this Guideline, the District may charge no more than the hourly rate and actual fringe benefits of the lowest paid employee capable of performing the particular task for which the District may charge labor costs, even if the District assigns a more highly paid employee to perform the task. The charge for fringe benefits may not exceed 50% of the employee's hourly rate. The District may not charge overtime except at the request or stipulation of the requestor. If the District's FOIA administrator determines that no District employee is capable of separating or deleting exempt information with respect to a particular request, the District may hire contracted labor to perform the task. In such cases, the District will calculate the time spent by the contracted labor in the same manner it calculates the time of its own employees and the charge for the

contracted labor will not exceed six times Michigan's minimum wage. In all cases, labor costs will be charged and estimated in increments of fifteen (15) minutes, with all partial time increments rounded down.

Reproduction Costs.

Non-Paper Physical Media. The District may charge the actual and most reasonably economical cost of reproducing public records on non-paper physical media (e.g., computer discs, computer tapes or other digital or similar media). The District is not required to reproduce public records on non-paper physical media if it does not have the technology necessary to do so.

Paper Copies. The District may charge the actual incremental cost of reproducing paper copies of public records using the most economical means available (e.g., double sided copies, if double sided copies are available and more economical than single sided copies). In no case will the District charge more than 10 cents per sheet. The District will not charge copying costs for copying documents on its web site or the on-site inspection of public records unless the requestor requests paper copies.

Mailing. The District may charge the actual cost of mailing requested public records and the least expensive method of confirming delivery. The District may not charge for expedited shipping or insurance unless specifically requested by the requestor.

Waiver, Reduction or Discount of Allowable Fees. The District may waive or reduce allowable fees if the District determines a waiver or reduction is in the public interest.

Indigence. The District will discount allowable fees by \$20.00 to a requestor who submits an affidavit stating that he or she is indigent and on public assistance or, if not receiving public assistance, stating facts showing inability to pay full allowable fees due to indigence. If the District determines a requestor who submits such an affidavit is not eligible for the discount, the District's written response will inform the requestor of the reason(s) for its determination. The District will not provide an indigence discount to an otherwise eligible requestor if: the requestor has already received discounted copies from the District twice during the calendar year; or, the requestor has been offered or received payment or other remuneration by or from another person.

Protection and Advocacy. The District will discount allowable fees and costs by \$20.00 if the requestor is a non-profit agency designated by the Governor under Section 931 of the Michigan Mental Health Code, MCL 330.1931, and the following additional conditions are met: the request is made on behalf of the agency or its clients; the request is made for reasons wholly consistent with the agency's mission, as described in Section 931; and, the request is accompanied by documentation of its designation, if so requested by the District.

Itemization of Allowable Fees. The District will itemize allowable fees on the attached Detailed Itemization of Allowable FOIA Fees form.

Good-Faith Deposit. The District may require a good-faith deposit from a requestor before providing public records if the total allowable fees exceed \$50.00 and the District provides the requestor with an estimate of total allowable fees using the Itemization of Allowable Fees and Costs form. The good-faith deposit may not exceed 50% of the total allowable fees and costs. The District's request for a good-faith deposit will include a reasonable and best efforts estimate of the time frame within which the District will provide public records after receiving the good-faith deposit, along with notice that the good-faith deposit is due within 48 days of when the request was sent or else the request will be considered abandoned. The School District is not required to fulfill abandoned requests. Requests are not considered abandoned if the requester has filed an appeal of the good-faith deposit request within 48-day timeframe. The District may charge an increased good-faith deposit of up to 100% of the estimated fee before it begins a full public record search for a person who has previously failed to pay allowable fees in full if: the final allowable fees were not more than 105% of the total estimated fees; the public records provided contained the information sought in the prior request and are still in the District's possession; the public records were provided within the School

District's reasonable best efforts estimate for the prior request; ninety (90) days have passed since the District notified the requestor the public records were available for pickup or mailing; the requestor is not able to show proof of prior payment; and, the School District calculates and provides a completed Detailed Itemization of Allowable FOIA Fees form that is the basis of the increased good-faith deposit. However, the District may not insist on an increased good-faith deposit if: the requestor shows proof of prior payment; the District is paid in full for the prior request; or, three hundred and sixty-five (365) days have passed since the requestor made the request for which full payment was not remitted.

Reduction of Labor Charges for Untimely Response. The District will reduce otherwise permitted labor charges by 5% per day (to a maximum of 50%) for each day the District's response is untimely if: the late response was willful and intentional; or, the written request conveyed a request for information within the first 250 words or the request included the words, characters or abbreviations for "freedom of information," "information," "FOIA," or a recognizable misspelling of such, or appropriate legal code reference on the front of the envelope or the subject line of the request.

Appeals The requestor may appeal the denial of all or part of a request in two ways: submit an appeal to the District's Superintendent or file a civil action in the circuit court where the District is located. The requestor may also appeal an allowable fee calculation that violates the Act or this Summary and Guidelines document.

Appeal to Superintendent. An appeal to the Superintendent must include the word "appeal" and identify the reason(s) the Superintendent should reverse the denial or reduce the allowable fee calculation. The Superintendent will respond to the appeal, in writing, within ten (10) business days by reversing the denial or calculation, upholding the denial or calculation or reversing the denial or calculation, in part, and upholding the denial or calculation, in part. In unusual circumstances, the Superintendent may issue not more than one notice extending his/her time for responding by not more than ten (10) additional business days. If the appeal is based on the District's calculation of fees and the Superintendent upholds the calculation, in whole or in part, the Superintendent must certify and explain the District's calculation.

Civil Action. The requestor may, in addition to appealing to the Superintendent, file a civil action in the circuit court where the District is located. The civil action may be based on the District's failure to timely provide public records or the District's calculation of allowable fees. If the requestor prevails in a case concerning the timely provision of public records, he or she is entitled to reasonable attorneys' fees, costs and disbursements. If the requestor or the District prevails in part the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs and disbursements. Additionally, if the court determines the District has arbitrarily and capriciously violated the Act by refusing or delaying the request, the court will order the District to pay a fine of \$1,000.00, which will be deposited in the Department of Treasury's general fund, and, in addition to any actual or compensatory damages, punitive damages to the requestor in the amount of \$1,000.00. If the requestor prevails in a case concerning the District's calculation of allowable fees by receiving a reduction of 50% or more of the total fee, the court may, in its discretion, award the requestor all or an appropriate portion of his or her attorneys' fees, costs and disbursements. If the court determines the District has arbitrarily and capriciously violated the Act by charging an excessive fee, the court will order the District to pay a fine of \$500.00, which will be deposited in the Department of Treasury's general fund, and, in addition to any actual or compensatory damages, punitive damages to the requestor in the amount of \$500.00. Separately, if the court determines the District willfully and intentionally failed to comply with the Act or has otherwise acted in bad faith, the court will order the District to pay a civil fine of not less than \$2,500.00 and not more than \$7,500.00 per occurrence, which will be deposited in the Department of Treasury's general fund. A civil action based on a denial of public records must be filed within one hundred and eighty (180) days after the District's final determination. A civil action based on the District's calculation of allowable fees must be filed within forty-five (45) days of receiving the completed Detailed Itemization of Allowable FOIA Fees form or within forty-five (45) days of the Superintendent's decision concerning an appeal. If the requestor files a civil action based on the District's calculation of allowable fees, the District is not required to continue processing the request until the court resolves the fee dispute.

Generally The School District's buildings, facilities and property were acquired to support its educational programs and related activities. To the extent individual groups or organizations want to use those buildings, facilities or property for a purpose that is consistent with the School District's mission, educational programs and activities, the School District, in its discretion, may approve that use. The Superintendent may develop and implement additional administrative procedures permitting the use of District buildings, facilities and property.

Agreements The individual, group, or organization requesting use of a School District building, facility, or property must will complete and execute an Agreement for the Use of School District Buildings and Facilities, or its equivalent. That Agreement will address, at a minimum: the fee the School District will receive, which will be at least sufficient to cover all marginal costs associated with the use; the liability or other insurance the user will carry and the fact the School District will be named as an additional insured; a release of the School District (including School District board members, agents, and employees, and volunteers) for any injuries or damages that occur during the use; and, an agreement to indemnify and hold harmless the School District against such injuries, damages, and actual attorneys' fees and costs arising or relating to the use or any related litigation. The Superintendent may waive the requirement for such an agreement for School District-related users.

Fees The School District facilities currently in use for the K-12 instructional program are made available to responsible groups and organizations in the Superintendent's discretion. Groups and organizations requesting the use of District facilities are assessed fees. Fee schedule can be requested from the maintenance department.

Building or Facilities Permit Procedures A group or organization that wishes to use a School District building or facility must obtain a permit from [insert position]. To obtain a permit, the group or organization must:

1. Complete and submit a Facility Use Permit form to the Operations Department at least one (1) week prior to the activity. Payment is due when the building request is made. The use of technology is a privilege, not a right, and must be in support of and consistent with the purposes and stated goals of the School District. There are no inherent warranties for technological resources that the School District is providing. The School District will monitor network activity by, for example, ensuring the presence of a teacher or other appropriate School District personnel when students are accessing the internet at school, installing filtering or blocking software on School District computers to restricted unauthorized websites, and monitoring access logs to keep track of websites visited by students in order to restrict access to newly-created or previously unknown websites harmful to minors.

Guidelines Students will use technology as authorized by appropriate school personnel. Only software legally owned and/or authorized by the School District may be put on School District computers. All network activities will be legal and of an appropriate use. Prior approval of the building principal and District web manager is needed to place anything on the building or District web pages.

 - Are obscene, pornographic, or libelous;
 - Cause disruption of school activities;
 - Plagiarize the work of others;

 - Have not been approved by the building administrator, network administrator, or web master.

Any attempt at performing one of the aforementioned prohibited acts is also prohibited.

Internet Safety The School District will implement software and/or other safeguards on District-owned technology which protect adults and students from accessing images or other online depictions that are obscene, contain child pornography, and, with respect to students, are harmful to minors.

The District will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and chat rooms, and cyberbullying awareness and response, in accordance with Board policy 2006 and any implementing regulations.

The use of large language models or generative artificial intelligence by students and staff is limited to tools which have been approved by the Superintendent.

The use of large language models or generative artificial intelligence by staff is prohibited until the staff receives appropriate training

8002-AR Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act (Section 504)

The ADA and Section 504 prohibit illegal discrimination on the basis of disability. ADA and Section 504 also require the School District to provide a free appropriate public education (FAPE) to eligible students. The manner in which the School District provides FAPE to eligible students and related issues are described in the School District's Board Policy. This regulation sets forth a procedure for addressing complaints of illegal discrimination arising under the ADA and Section 504.

Procedure

Step 1. A person who believes that he/she has been discriminated against by the School District may discuss the matter informally with the immediate supervisor in the case of an employee, or the building principal, in the case of a student, or, instead, proceed directly to Step 2. [NOTE: If it is the immediate supervisor or building principal who is the subject of the complaint, the employee or student may instead contact the School District's Section 504 Compliance Officer, identified below.] The person receiving the complaint shall verbally convey his/her findings to both the person who alleged the violation and the person who is the subject of the complaint within ten (10) days.

NOTE: The informal complaint procedure is provided as a less formal option for a person who believes s/he has been discriminated against or harassed. This informal procedure is **not** required before filing a formal complaint. Moreover, a student who seeks resolution through the informal process may request, at any time, that the matter be moved to the formal complaint process.

Step 2. If the informal Step 1 process does not resolve the matter, or, if the employee or student chooses not to use the informal procedure, a written complaint may be submitted to the employee's immediate supervisor (to the school's principal if by a student). A complaint may also be filed directly with the applicable School District Section 504 Compliance Officer. The complaint shall include: (1) the employee's or student's name; (2) the facts of the incident or action complained about; (3) the date of the incident or action giving rise to the complaint; (4) the type of discrimination alleged to have occurred; and (5) the specific relief sought. A Step 2 meeting shall be conducted within ten (10) days following the submission of the written complaint. Within the next ten (10) days, the immediate supervisor or principal shall issue a written disposition, with copies to be given to both the person who alleged the violation and the person who is the subject of the complaint.

Step 3. If the supervisor or principal's reply does not resolve the matter, a written complaint may be submitted to the applicable District Section 504 Compliance Officer within ten (10) days of the Step 2 disposition. A meeting shall be conducted at which both parties shall have the right to present witnesses and offer other evidence. Following the meeting, the Section 504 Compliance Officer shall reply in writing to the complainant and the person who is the subject of the complaint within ten (10) days.

Step 4. If the complainant wishes to appeal the decision of the Section 504 Compliance Officer, he/she may submit a written appeal to the Superintendent of Schools within ten (10) days after receipt of the Section 504 reply. The Superintendent or his/her designee shall meet with all parties involved and respond to the complaint, in writing, within ten (10) days of the date of the appeal. Copies shall be provided to both the complainant and the person who is the subject of the complaint.

Prohibition Against Retaliation The District hereby provides assurance that it strictly prohibits any form of retaliation against persons who utilize this Complaint Procedure.

Website Accessibility

Generally With regard to the District website and any District web presence which is developed by, maintained by, or offered through third party vendors and open sources, the District is committed to compliance with Title II of the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973 so that students, parents, employees, and members of the public are able to independently acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe as those without disabilities, with substantially equivalent ease of use. The District further seeks to ensure that those individuals with disabilities are not excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any District programs, services, and activities delivered online. All existing new, or updated web content produced by the District will conform to Web Content Accessibility Guidelines (WCAG) 2.0, Level AA conformance, or updated equivalents, as soon as practicable.

With respect to third-party content, the District through its Web Accessibility Coordinator, will confirm the accessibility of such content before posting/linking to the District's web presence, to the extent possible, by testing same through a web accessibility checker or similar resource and/or manual checking. If the accessibility of third-party content cannot be verified prior to posting/linking, the District shall avoid posting/linking of same.

If third-party content is verified and posted, but is later identified as not being accessible **after** posting/linking occurs, the District, through its Web Accessibility Coordinator, will endeavor to determine the basis of the issue by contacting the third-party provider and/or requesting information regarding the accessibility of their products. To the extent possible, the District will determine if an alternate way to provide the third-party content exists. If it is ultimately determined that the third-party content cannot be made accessible – either because it represents an undue burden or would require a fundamental alteration – the District shall keep a record of the inaccessible third party content. A determination of undue burden or fundamental alteration will be made by the Superintendent and/or his/her designee after considering all resources available for use in the funding and operation of the service, program, or activity and will be accompanied by a written statement outlining the reasons for such conclusion.

Website Audit The District's Web Accessibility Coordinator will be responsible for reviewing all areas of the District's website and evaluating its accessibility on a semester basis or as close thereto as possible. The contemplated review will be completed, subject to District discretion, utilizing free online resources available to the District, a platform audit resource (if applicable), and/or a third-party vendor resource. The District's Web Accessibility Coordinator will also conduct a manual check of the website as part of the contemplated semester review. The results of all reviews/audits will be documented and evaluated. Identified issues will be remediated within a reasonable period of time under the direction of the Web Accessibility Coordinator.

District Training The District will provide annual training for any staff (e.g. administrators, faculty, support staff, student employees) responsible for creating or distributing information with online content. The training will be facilitated, in whole or in part, by an individual with sufficient knowledge, skill, and experience to understand and employ the technical standard(s) adopted by the District. The training will include training on the Web Accessibility Policy, the Administrative Regulation, and staff roles and responsibilities to ensure that web design, documents, and multimedia content are accessible. The District will provide periodic updates to staff, as appropriate, should technology standards change in a readily discernable way. The

District will also ensure that new staff are timely provided training consistent with the above expectations. With regard to staff who have already been fully trained at least once on the Web Accessibility Policy, the annual-training requirement may be satisfied by disseminating notice that includes the Web Accessibility Policy (e.g., via e-mail with a link to the policy), highlights any Policy updates, and provides the name and contact information of the Web Accessibility Coordinator to serve as a resource for staff with questions about the accessibility of online content.

Reports of Accessibility Concerns/Issues In contacting the District's Web Accessibility Coordinator to report any issues or concerns associated with the accessibility of online content, reporting individuals are encouraged to provide the following information:

- Name;
- Contact information (phone or email);
- Type of information that was inaccessible (PDF, video, etc.);
- Specific web page the user was on (URL or page title);
- Date the user was unable to access the information; and
- Any other information the user believes might be helpful to the District in resolving the issue.

Upon report of a concern regarding the accessibility of online content, the Web Accessibility Coordinator will, consistent with District Policy, provide the requested information in an alternate format and, as soon as reasonably practical, make the necessary improvements to make the information accessible online.

Formal Discrimination Complaint A student, parent, or member of the public who wishes to submit a formal complaint regarding a violation of Title II of the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973 related to the accessibility of any District web presence that is developed by, maintained by, or offered through the District, third party vendors, and/or open sources, may utilize the District's established complaint procedures are contained in administrative regulation 586-725-2861.

Irrespective of the submission of a formal complaint, once the District has been notified of inaccessible content, the reporting party should be provided with access to the desired information in a proper manner. In this regard, the Complainant should not have to wait for the investigation of the complaint to be concluded before receiving the information that he/she was unsuccessful in accessing through the District's web presence.

8004-AR Communicable Diseases

Where a student or staff member has been diagnosed with a communicable disease, the School District administration will consult the most recent County Health Division Reference Chart (CHD COMMUNICABLE DISEASE REFERENCE CHART) to determine and implement exclusion and re-admittance of individuals. Macomb County Health Division staff will be contacted as needed for consultation and clarification.

Communicable Diseases, Which Are Known Not To Be Spread By Casual Contact Communicable diseases that are known not to be spread by casual contact, within the meaning of this regulation include Hepatitis B, HIV infections, ARC (AIDS Related Complex), AIDS and other diseases that are transmittable by blood, other body fluids and other body products, which present potentially serious health problems for those who contract the disease.

The following procedure is intended to assure that both the rights of the individual and the school community at large are protected, and that each case will be determined on an individual basis.

HIV, ARC, or AIDS When a District employee reasonably suspects that a student or staff member is infected with HIV, ARC or AIDS, he/she must notify the Macomb County Health Division, if such action is reasonably thought necessary to: protect the health of the student or staff member; prevent further transmission of the disease; or, diagnose and care for the student or staff member.

The District employee shall not provide the Macomb County Health Division with the name of the student or staff member unless such information is determined by the employee making the disclosure to be reasonably necessary to accomplish the above-mentioned purposes.

Request the permission of the affected student's parent or guardian, or the staff member, to inform the Superintendent and other necessary persons of the suspected illness. If such consent cannot be obtained, the employee shall inform the Superintendent of the matter in such a way that the identity of the affected person is not discernible. The Superintendent may then seek a court order permitting the Superintendent to obtain the information and disclose it to Board of Education members and other necessary persons.

Upon receipt of the consent of the affected student's parent or guardian, or the staff member, or a court order permitting the review process to proceed, the Superintendent shall select a Communicable Disease Review Committee and direct the Committee to meet within five (5) school days. The Committee may be comprised of the following individuals:

- An official representative of the District, designated by the Superintendent, who will chair the Committee.
- The principal of the school of the affected student or staff member.
- A physician who is treating the affected individual.
- A physician appointed by the Superintendent to represent the District.
- A representative of the Macomb County Health Division.
- A parent/guardian if the affected individual is a student, and the affected individual and/or his/her representative if the affected individual is a staff person.
- A special education teacher, when the affected student is a special education student.
- Other persons designated by the Superintendent, the Committee or the court.

The Committee shall make a written recommendation to the Superintendent, based on the affected student or staff member's neurological and physical condition and the expected type of interaction with others in the affected student or staff member's school or employment setting, as to whether the person should be excluded from the school or employment setting and all school sponsored activities, restricted in his/her activities in the school or employment setting, or remain in an unrestricted school or employment setting.

If the Committee recommends that the student or staff member remain in his/her present school or employment setting, but that he/she are restricted from participating in certain activities, or that consideration be given to an alternate setting within the District, the Committee shall further set forth, in writing, the precautionary/sanitary measures, if any, that should be taken to protect the health and welfare of the student or staff member and the school community.

If the Committee recommends that the student or staff member remain in an unrestricted school setting, the Committee must so state in writing, and further state what precautionary/sanitary measures, if any, should be taken to protect the health and welfare of the student or staff member and the school community.

If the Committee recommends that the affected student or staff member be totally excluded from his/her former school or employment setting based upon his/her neurological and physical condition and expected type of interaction with others in that setting, the Committee must so state in writing. The Committee shall also state the conditions under which it would consider the student or employee's return to a restricted or unrestricted school or employment setting.

The Committee shall provide the Superintendent with its written recommendation within ten (10) school days of its meeting, unless the Committee determines that additional time is necessary in order to obtain pertinent medical information regarding the student or staff member's condition and/or that additional diagnostic testing is necessary for a thorough review of the matter.

In the event that the Committee's decision is not unanimous, the dissenting member(s) shall be given the opportunity to attach a written dissenting report to the Committee's recommendation within twenty-four (24) hours of the presentation of the Committee's report to the Superintendent.

Upon the Superintendent's receipt of the Committee's written report, the Superintendent shall, within five (5) school days, make a determination regarding the student or employee's status. The Superintendent's decision will be based upon whether, with reasonable accommodation, the student or staff member can remain in the school or employment setting without posing a health risk to himself/herself or others in the school community. In the event that the Superintendent determines that a student or staff member should be excluded from the school setting, he/she shall so advise the affected person, and, where a student is involved, his/her parent or guardian.

Where the Superintendent determines that a staff member who has been affected with HIV, ARC, or AIDS should be excluded from employment, the Superintendent shall attempt to obtain the affected person's permission or petition the circuit court for an order permitting the District to proceed pursuant to the provisions of the applicable collective bargaining agreement, board policy and/or applicable laws. If the employee in question is certified, the Superintendent shall, pursuant to Article V, Section 2 of the Michigan Teacher's Tenure Act, either obtain the person's consent to be placed on a medical leave, or, if consent cannot be obtained, file tenure charges with the Board of Education seeking to place the person on an involuntary medical leave of absence.

If the affected student or staff member disagrees with the determination of the Superintendent, he/she may file a written appeal to the Board of Education within ten (10) school days. The Board of Education shall receive and review all necessary and pertinent materials provided by the Committee and the student or employee and provide an opportunity to both the Superintendent and student or employee to provide additional pertinent information. In its discretion, the Board may grant the student or employee a hearing.

The Board of Education may affirm, modify, or revise the decision of the Superintendent within ten (10) school days of the receipt of an appeal. The affected student or staff member shall have the right to remain in the school setting during the tendency of any such appeal, unless an appropriate medical professional confirms that there are clearly documented risks to the infected individual or others in the school setting that could pose an immediate health threat.

Where an affected student or staff member is permitted to remain in either a restricted or unrestricted school setting, the Superintendent shall designate a school representative to monitor changes in the student or staff member's medical status on a monthly basis, or more frequently if deemed appropriate. The Superintendent shall seek written permission from the affected person or parent prior to designating the responsible school representative. If the written authorization cannot be obtained, the Superintendent shall seek an order from the court permitting such. The Superintendent, with input from the Committee, shall reassess the status of the student or staff member at not less often than annual intervals.

All time lines set forth herein may be extended where required by the individual circumstances of the case.

Communicable Diseases That Are Known Not To Be Spread By Casual Contact, Other Than HIV, ARC, or AIDS For communicable diseases which are known not to be spread by casual contact, other than HIV, ARC or AIDS, the identical procedures set forth above will be followed, except that there will be no necessity of court involvement to obtain the infected person's consent to disclosure of his/her identity to the Superintendent and other necessary persons.

If the District employee determines that disclosure of such information is reasonably necessary to (1) protect the health of the student or staff member, (2) prevent further transmission of the disease, or (3) diagnose and care for the student or staff member, the District employee may advise his/her supervisor that a student or staff member may have a serious communicable disease known not to be spread by casual contact. The identity of the student or staff member SHALL NOT BE disclosed unless written authorization is obtained from the affected student's parent(s)/guardian(s) or the staff member, or is otherwise necessary to satisfy the requirements of this section. The supervisor shall immediately inform the Superintendent or his/her designee.

Confidentiality All persons involved in these proceeds and in the education of an affected student shall respect the student's right to privacy, including maintaining student records and information in accordance with the requirements of the Michigan Public Health Code, MCLA 333.5101 *et seq.* and the Family Educational Rights and Privacy Act, 20 USC 1232g. The privacy rights of affected staff members shall be similarly affected including maintaining employment records and information in accordance with the requirements of the Michigan Public Health Code, MCLA 333.5101 *et seq.*, the Bullard Plawewcki Employee Right to Know Act, MCLA 421.501, any applicable contractual provisions, and Board of Education policy and regulations.

Complaints of sexual harassment within any educational program or activity of the School District will be investigated and resolved under 8007.3-AR, as required by Title IX and its implementing regulations (“Title IX sexual harassment”). All other complaints of discrimination, harassment or retaliation, other than Title IX sexual harassment, will be investigated and resolved under 8007.1-AR or 8007.2-AR. The District will work to address and remedy any violations of this regulation that prevent individuals from equal access to an education and to the workplace.

Compliance Officer and Title IX Coordinator The Human Resource Director, whose telephone number is (586)725-2861 is the School District’s Compliance Officer and Title IX Coordinator for purposes of this Administrative Regulation.

Days As used in 8006.1-AR through 8006.3-AR, the word “days” means school days during the school year when school is in session and business days during the summer break.

Sexual Harassment – Employees and Students.

Generally This Administrative Regulation sets forth the procedure the School District follows to investigate and resolve allegations of sexual harassment against School District employees or students. Administrative Regulations 8006.1-AR and 8006.2-AR apply to illegal discrimination and harassment on other bases.

The School District's Title IX Coordinator is responsible for implementing 8006.3-AR. The Title IX Coordinator will ensure his/her contact information is posted on the School District's website, included in the School District's annual notifications document, published in every handbook and catalogue distributed to parents and students, and conveyed to the president of every School District collective bargaining unit.

8006.1-AR – DISCRIMINATION AND HARASSMENT (NON-TITLE IX) – STUDENTS

Generally Any person who believes that a student has been subjected to discrimination or harassment (or retaliated against for opposing discrimination or harassment) should report it to the School District's Compliance Officer. That report will be resolved through the informal or formal procedures described in this Administrative Regulation.

Definitions for 8006.1-AR

“Complainant” means the student who is reported to have been discriminated against or harassed based on a legally protected characteristic. Complaints of Title IX sexual harassment will be addressed under 8006.3-AR.

“Respondent” means the person who is reported to have discriminated against or harassed Complainant.

“Investigator” means the person investigating a formal complaint of discrimination or harassment.

“Discrimination” means unequal treatment based, in whole or part, on Complainant's race, color, national origin, religion, sex, marital status, genetic information, disability, or other legally protected characteristic, which adversely affects Complainant's educational opportunities or participation in the School District's educational program or activities.

“Harassment” means behavior based, in whole or in part, on Complainant's race, color, national origin, religion, sex, marital status, genetic information, disability or other legally protected characteristic, which is sufficiently severe and pervasive that it:

- Affects Complainant's ability to benefit from the School District's educational programs or activities;
- Creates an intimidating, threatening, or hostile educational environment;
- Has the effect of substantially or unreasonably interfering with Complainant's academic performance; or,
- Otherwise adversely affects Complainant's educational opportunities.

Informal Complaint Resolution Procedure The informal complaint resolution procedure is a less formal option for Complainants who believe they were subjected to discrimination or harassment. Resorting to the informal procedure is not required before filing a formal complaint. Moreover, at any time during the informal complaint resolution procedure, Complainant may request that the matter be moved to the formal complaint process. The informal complaint resolution procedure will not be used for complaints against District employees or other District-affiliated adults.

Step 1. A student, or any other person, may report discrimination or harassment to any School District employee whose primary responsibility includes student supervision or discipline, including a teacher, counselor, building administrator or central-office administrator, including the Compliance Officer.

If not reported directly to the Compliance Officer, all informal complaints received by School District employees must be reported to the Compliance Officer within two (2) days. The Compliance Officer will either facilitate an informal resolution, as described below, or appoint another person to facilitate an informal resolution.

Step 2. Depending upon the facts, circumstances, and wishes of the Complainant and Respondent, informal resolution may involve, but not be limited to, one or more of the following:

- Counseling Complainant how to effectively communicate the unwelcome nature of the behavior to Respondent.
- Distributing a copy of the School District's anti-discrimination and anti-harassment policy and this Administrative Regulation as a reminder to Respondent and other individuals.
- If both parties agree, the Compliance Officer and Title IX Coordinator may arrange and facilitate a meeting between the Complainant and Respondent to work out a mutual resolution. Such a meeting may include some or all of the features of the restorative practices process described in the Revised School Code, MCL 380.1310c.

Step 3. The Compliance Officer will endeavor to complete the informal complaint resolution procedure within ten (10) days of receiving the informal complaint. If Complainant is dissatisfied with the process at any time prior to agreeing on a mutual resolution, the Complainant may file a formal complaint.

All materials generated as part of the informal complaint resolution procedure will be retained in a single location under the control of the Compliance Officer in accordance with the Board of Education's records retention and/or Student Records policies.

Formal Complaint Resolution Procedure

Step 1. A student, or any other person, may file a formal complaint of discrimination or harassment with any building-level or central-office administrator, including the Compliance Officer. If not reported directly to the Compliance Officer, all such complaints must be forwarded to the Compliance Officer within two (2) days.

All formal complaints must include the following information, to the extent it is available:

- The name of Complainant and, if different, the name of the person reporting the allegation;
- The allegation, including a description of relevant incident(s), date(s), and time(s) (if known);
- The name(s) of all persons alleged to have committed discrimination or harassment, if known, or a description/identifying information if the name is not known; and,
- The name(s) or description/identifying information of all known witnesses.

If Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer will ask for the information in an interview. Thereafter, the Compliance Officer will prepare a written summary of the interview and ask Complainant to verify the accuracy of the summary by signing it.

Step 2. Typically, within two (2) days of receiving the formal complaint, the Compliance Officer or designee (the Investigator) will initiate a formal investigation to determine whether Complainant has been subjected to discrimination or harassment.

NOTE: Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken during the investigation to protect Complainant and Respondent from discrimination or harassment, including, but not limited to, a no-contact order or a change of schedule for Complainant or Respondent. In making such a determination, the Compliance Officer will consult the parties to assess their reaction to the proposed action. If Complainant or Respondent disagree with the proposed action, the Compliance Officer may nevertheless, following consultation with the Superintendent, take whatever actions deemed appropriate and in the best interests of Complainant, Respondent, and the integrity of the investigation.

The Compliance Officer will inform Respondent that a complaint has been received. Respondent will be informed of the nature of the allegations and be provided with a copy of the Board's anti-discrimination and anti-harassment policy and this Administrative Regulation. Respondent will also be provided an opportunity to submit a written response to the complaint within five (5) days. Throughout the course of the process, the Compliance Officer and/or Investigator will keep both parties informed of the status of the investigation and the decision-making process.

Although certain cases may require additional time, the Investigator will endeavor to complete the investigation within ninety (90) days of receiving the formal complaint. The investigation will include:

- Interviews with Complainant and Respondent;
- Obtaining and reviewing any written statements of Complainant, Respondent, and any other witnesses;
- Interviews with other witnesses who may have information relevant to the allegations; and,
- Consideration of any relevant documents or other information presented by Complainant, Respondent, or other witnesses.

Step 3. At the conclusion of the investigation, the Compliance Officer and/or Investigator will prepare and deliver a written report to the Superintendent, summarizing the information gathered during the investigation and, if applicable, the date of any report to the police. The report will also provide recommendations based on the evidence, including whether the complaint should be substantiated based on a preponderance of the evidence ("more likely than not") standard. The recommendations should consider the totality of the circumstances, including the ages and maturity levels of those involved. Disciplinary recommendations, if appropriate, should be reasonably calculated to prevent the recurrence of discrimination or harassment and should consider the factors set forth in Section 1310d of the Revised School Code. Disciplinary recommendations may range from counseling to permanent expulsion, in the case of a student; counseling to discharge, in the case of an employee; and recommendation for censure or a complaint to the Governor, in the case of a Board member. The report will be provided to the Superintendent within sixty (60) days after the formal complaint was made, unless there is good reason for the process to take longer.

Step 4. Absent extenuating circumstances, within ten (10) days of receiving the Compliance Officer and/or Investigator's report, the Superintendent will issue a final written decision or request further investigation. A copy of the Superintendent's final written decision will be delivered to both parties.

If the Superintendent requests additional investigation, the Superintendent will specify the additional information that is to be gathered, and absent extenuating circumstances, the additional investigation will be completed within ten (10) days. At the conclusion of the additional investigation, the Superintendent will issue a final written decision as described above.

Filing a Complaint with the Office for Civil Rights Complainant, or any other person, may, at any time, file a complaint with the United States Department of Education Office for Civil Rights at:

U.S. Department of Education Office
for Civil Rights Cleveland Office
1350 Euclid Avenue, Suite 325
Cleveland, Ohio 44115
(216) 522-4970

Cooperation with Law Enforcement Agencies In certain instances, an allegation of discrimination and harassment may be investigated as a criminal matter. To the extent permitted by law, the District will comply with law enforcement requests for cooperation.

Retaliation Retaliation against a Complainant, a person who filed a complaint alleging discrimination or harassment, or a person who participates in an investigation under this Administrative Regulation, is strictly prohibited. Upon a finding that a person has engaged in retaliation, appropriate disciplinary action will be taken.

Maintenance of Records All materials generated as a part of the formal complaint process will be retained in a single location under the control of the Compliance Officer and Title IX Coordinator in accordance with the Board of Education's records retention and/or Student Records policy.

8006.2-AR – DISCRIMINATION AND HARASSMENT (NON-TITLE IX) – EMPLOYEES

Generally Any employee who believes that they have been subjected to discrimination or harassment not covered by Title IX (or retaliated against for opposing discrimination or harassment) should notify the School District's Compliance Officer and seek resolution of the matter through the informal or formal procedures described below.

Definitions for 8006.2-AR

“Complainant” means the employee who reported that they have been subjected to discrimination or harassment. Complaints of Title IX will be addressed under 8006.3-AR.

“Respondent” means the person who was reported to have discriminated against or harassed Complainant.

“Investigator” means the person investigating a formal complaint of discrimination or harassment.

“Discrimination” means taking an adverse employment action against an employee based, in whole or in part, on the employee's race, color, national origin, religion, sex, marital status, genetic information, age, height, weight, disability or other legally protected characteristic.

“Harassment” means unwelcome physical acts, attempted acts, statements, gestures, jokes, written or graphic material, or other conduct or communications that are both:

- based on race, color, national origin, religion, sex, marital status, genetic information, age, height, weight, disability or other legally protected characteristic; and
- sufficiently severe or pervasive to create a hostile working environment.

Harassment may also include sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature, where submission to this conduct becomes a condition of any person's continued employment or the basis for employment decisions. To the extent sexual harassment occurs within any educational program or activity of the School District and is covered by Title IX, the matter will be resolved through 8006.3-AR.

Informal Complaint Resolution Procedure The informal complaint resolution procedure is a less formal option for a Complainant who believes they were subjected to discrimination or harassment. Resorting to the informal procedure is not required before filing a formal complaint. Moreover, at any time during the informal complaint resolution procedure, Complainant may request that the matter be moved to the formal complaint process. The informal complaint resolution procedure will not be used for complaints alleging sexual violence.

Step 1. The Complainant may make an informal complaint, orally or in writing, to: the building administrator of the building to which the employee is assigned; the Superintendent or other central-office administrator; or the Compliance Officer.

If not made to the Compliance Officer, all informal complaints must be reported to the Compliance Officer within two (2) days. The Compliance Officer will facilitate an informal resolution, as described below, or appoint another individual to facilitate an informal resolution.

Step 2. Depending upon the facts, circumstances, and wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- Advising Complainant how to effectively communicate the unwelcome nature of the behavior to Respondent.
- Distributing a copy of the anti-discrimination and anti-harassment policy and this Administrative Regulation to Respondent and other individuals.
- If both parties agree, the Compliance Officer and Title IX Coordinator may arrange and facilitate a meeting between the Complainant and the Respondent to work out a mutual resolution. However, such a meeting will not be held where sexual violence has been alleged.

Step 3. The Compliance Officer will endeavor to complete the informal complaint resolution procedure within ten (10) days of receiving the informal complaint. If Complainant is dissatisfied with the informal complaint resolution process at any point prior to agreeing to a mutual resolution, the Complainant may file a formal complaint.

All materials generated as part of the informal complaint resolution procedure will be retained in a single location under the control of the Compliance Officer and the Title IX Coordinator in accordance with the Board of Education's records retention policy.

Formal Complaint Resolution Procedure

Step 1. Complainant may file a formal complaint with: the building administrator of the building to which they are assigned; the Superintendent or other central-office administrator; or the Compliance Officer. If not filed directly to the Compliance Officer, the person with whom a complaint is filed must report it to the Compliance Officer within two (2) days.

All formal complaints must include the following information to the extent it is available:

- Complainant's name and, if different, the name of the person reporting the allegation;
- The allegation, including a description of relevant incident(s), date(s) and time(s) (if known);

- The name(s) of all persons alleged to have committed discrimination or harassment, if known, or a description/identifying information if the name is not known; and,
- The name(s) or description/identifying information of all known witnesses.
-

If Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer will ask for the details in an interview. Thereafter, the Compliance Officer will prepare a written summary of the interview, and Complainant will be asked to verify the summary by signing it.

Step 2. Typically, within two (2) days of receiving the formal complaint, the Compliance Officer or designee (the Investigator), will initiate a formal investigation to determine whether Complainant has been subjected to discrimination or harassment.

NOTE: Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken during the investigation to protect Complainant and Respondent from discrimination or harassment, including, but not limited to, a change of work assignment or schedule for Complainant or Respondent. In making such a determination, the Investigator will consult the parties to assess their reaction to the proposed action. If Complainant or Respondent are unwilling to consent to the proposed change, the Compliance Officer may nevertheless, after consulting with the Superintendent, take whatever actions deemed appropriate for the protection of Complainant, Respondent, and the integrity of the investigation.

The Investigator will inform Respondent that a complaint has been received. Respondent will be informed of the nature of the allegations and be provided with a copy of the Board's anti-discrimination and anti-harassment policy and this Administrative Regulation. Respondent will also be informed of the opportunity to submit a written response to the complaint within five (5) days. Throughout the course of the process, the Compliance Officer or Investigator will keep the parties informed of the status of the investigation and the decision-making process.

Although certain cases may require additional time, the Investigator will endeavor to complete the investigation within ninety (90) days of receiving the formal complaint. The investigation will include:

- Interviews with Complainant and Respondent;
- Obtaining and reviewing any written statements of Complainant, Respondent, and any other witnesses;
- Interviews with any other witnesses;
- Relevant documents and other information presented by Complainant, Respondent, or any other witnesses.
-

Step 3. At the conclusion of the investigation, the Compliance Officer and/or Investigator will prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and, if applicable, the date any incident was reported to the police. The report will provide recommendations, including whether the complaint should be substantiated based on a preponderance of the evidence ("more likely than not") standard. The recommendations should consider the totality of the circumstances. Disciplinary recommendations, if appropriate, should be reasonably calculated to prevent recurrence of illegal discrimination or harassment. Disciplinary recommendations may range from: counseling to discharge, in the case of an employee; and censure to a complaint to the Governor, in the case of a Board member. The report will be provided to the Superintendent within sixty (60) days after the formal complaint was made, unless there is good reason for the process to take longer.

Step 4. Absent extenuating circumstances, within ten (10) days of receiving the report, the Superintendent will either issue a final written decision regarding whether the complaint has been substantiated or request further investigation. A copy of the Superintendent's final written decision will be delivered to both parties.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and absent extenuating circumstances, such additional investigation must be completed within ten (10) days. At the conclusion of the additional investigation, the Superintendent will issue a final written decision as described above.

8006.3a-AR –SEXUAL HARASSMENT UNDER TITLE IX – EMPLOYEES AND STUDENTS

Generally This Administrative Regulation sets forth the procedure the School District follows to investigate and resolve complaints of sexual harassment made against School District employees or students within any education program or activity of the School District, as required by Title IX. Administrative Regulations 8006.1-AR and 8006.2-AR apply to discrimination and harassment on other bases.

The School District's Title IX Coordinator is responsible for implementing 8006.3-AR. The Title IX Coordinator will ensure his/her contact information is posted on the School District's website, included in the School District's annual notifications document, and published in every handbook and catalogue distributed to parents and students.

Definitions for 8006.3-AR

“Complainant” means an employee or student who is reported to have experienced conduct that could constitute sexual harassment under Title IX.

“Respondent” means the person who has been reported to be the perpetrator of conduct that could constitute sexual harassment under Title IX.

“Investigator” means a person the Title IX Coordinator has appointed to investigate allegations of sexual harassment against Respondent.

“Sexual Harassment” means, with respect to the School District's programs and services: “Sexual Harassment” means, with respect to the School District's programs and services:

- Conditioning an aid, benefit, or service on Complainant's participation in unwelcome sexual conduct;
- Unwelcome sexual conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies Complainant equal access to the School District's programs or activities; or,
- “Sexual assault” as defined in 20 USC 1092(f)(6)(A)(v), “dating violence” as defined in 34 USC 12291(a)(10), “domestic violence” as defined in 34 USC 12291(a)(8), or “stalking” as defined in 34 USC 12291(a)(30).

Duty to Respond to known or Reported Sexual Harassment The School District has a duty to respond to alleged sexual harassment any time a School District employee reports an employee or student has been sexually harassed and any time any other person makes a report of sexual harassment to the Title IX Coordinator. School District employees are required to report all incidents of suspected sexual harassment to the Title IX Coordinator.

Absent extenuating circumstances, within two (2) days, the Title IX Coordinator will contact Complainant (and/or Complainant's parent/guardian(s), as appropriate) to discuss how to resolve their concerns, including the option and process for filing a formal complaint. If, as an initial matter, it is clear that the reported sexual harassment is not covered by Title IX because (1) the allegations, even if true, do not rise to the level of sexual harassment; (2) the alleged sexual harassment occurred outside of the School District's program or activities; or (3) the alleged sexual harassment occurred outside of the United States, the Title IX Coordinator will explain how that could impact disposition of a formal complaint as well as how other School District policies, administrative guidelines or codes of conduct may apply.

Supportive Measures. The Title IX Coordinator, upon receiving a report of sexual harassment, will promptly contact Complainant to offer supportive measures, regardless of whether a formal complaint is filed. Supportive measures are non-punitive individualized services, at no cost to Complainant, intended to restore or preserve Complainant's access to the School District's programs and activities without unreasonably burdening Respondent. Supportive measures may include, but are not limited to: no-contact orders, counseling, course modifications, schedule changes, transfers, or increased security and monitoring. The Title IX Coordinator will take into account Complainant's wishes before implementing supportive measures. The Title IX Coordinator will also consider whether supportive measures are necessary and appropriate to preserve Respondent's access to the School District's programs and activities without unreasonably burdening Complainant. The Title IX Coordinator will also take into account Respondent's wishes before implementing supportive measures.

Action to remove Respondent from the School District prior to a final decision is not a supportive measure. However, the Title IX Coordinator may, after an individualized risk assessment of Respondent takes place, temporarily remove Respondent from the School District if Respondent poses an immediate threat to the physical health or safety of Complainant or any other person. In such cases, upon removal, the Title IX Coordinator will provide Respondent with notice and an opportunity to challenge the temporary removal at the earliest possible date. The Title IX Coordinator may, after consulting with the School District's chief human resources officer, place a Respondent-employee on temporary administrative leave. A temporary removal or administrative leave will end when a final decision is reached.

Formal Complaint A Complainant (or parent/guardian of a student-Complainant) may file a formal complaint. The Title IX Coordinator may file a formal complaint even if Complainant declines to do so. The formal complaint will include: the names of Complainant and Respondent, or identifying information if Respondent's name is unknown; as complete a description of the alleged sexual harassment as is available, including dates, times, and places; actual and potential witnesses; actual and potential relevant documents, data, and other items; and the signature of the person making the complaint or the Title IX Coordinator.

Response to Formal Complaint and Grievance Procedure.

Generally. The Title IX Coordinator will ensure that, at every step of the Grievance Procedure, the parties are treated equitably; all information and evidence is evaluated objectively; and, there are no conflicts of interest affecting the Title IX Coordinator or any informal resolution facilitator, Investigator, Decision-Maker, or any individual resolving an appeal.

Notice. Upon receiving or filing a formal complaint, the Title IX Coordinator will issue a notice to Complainant and Respondent. The notice will include: a statement of the allegations, in sufficient detail to permit Respondent to prepare a response; a statement that Respondent is presumed not responsible unless a final decision is rendered against Respondent; the parties' right to inspect the formal complaint and all evidence gathered during any investigation; the parties' right to be represented by an advisor or advocate, who may be an attorney; and, any provision in the School District's Student Code of Conduct prohibiting knowingly making a false statement or providing false evidence or information. If, during the investigation, the School District decides to investigate allegations that were not included in the original notice, the Title IX Coordinator will notify Complainant and Respondent of the additional allegations.

Dismissal. The Title IX Coordinator must dismiss a formal complaint if the allegations: do not establish sexual harassment under Title IX, even if they are true; did not occur in connection with the School District's programs and services; or, did not occur in the United States. The Title IX Coordinator may dismiss a formal complaint, in whole or in part, if: Complainant withdraws some or all of the allegations; Respondent's employment or enrollment in the School District ends; or specific circumstances prevent the School District from gathering sufficient relevant evidence to reach a decision on the formal complaint. The School District's Title IX Coordinator will notify Complainant and Respondent,

in writing, if a formal complaint is dismissed, including an explanation for the dismissal. The Complainant may appeal the dismissal.

Informal Resolution At any point between the filing of the formal complaint and the decision-maker reaching a determination of responsibility, the parties may voluntarily agree to participate in an informal resolution process. The informal resolution process must be completely voluntary, and may not be initiated until:

- the parties have been provided notice of their rights by delivery of the applicable anti-harassment policy and 8006.3-AR;
- the parties have been informed of the consequences of informal resolution, including that it may preclude the resumption of a formal complaint investigation arising from the same allegations and that records may be maintained and shared; and
- the parties have voluntarily consented to informal resolution, in writing.

Investigation The Title IX Coordinator or designee (the Investigator) will investigate a formal complaint. The burden of undertaking and completing the investigation rests on the School District. The Investigator will presume Respondent is not responsible unless a final decision against Respondent is reached. The Investigator will not require, seek, or rely on privileged information without consent of the privilege-holder.

Within five (5) days after the Investigator provides Respondent with notice of the formal complaint, Respondent may file a written response. The Investigator will provide a copy of any written response to the Complainant. Regardless of whether Respondent files a written response, the Investigator will undertake an investigation that will include, but not be limited to:

- interviewing Complainant and Respondent, unless they refuse to be interviewed or fail to timely respond to the Investigator's interview request;
- interviewing relevant witnesses and other potentially relevant witnesses who Complainant or Respondent request, unless the witness refuses to be interviewed or fails to timely respond to the Investigator's interview request;
- obtaining, to the extent they are available, all relevant documents, data, and other items identified by Claimant, Respondent, and witnesses;
- preparing an investigative report that fairly summarizes the interviews and relevant evidence; and,
- providing the investigative report to the parties simultaneously.

Neither Complainant nor Respondent are required to participate in the investigation process, including interviews. The Investigator will not draw any negative inferences based solely on a Complainant's or Respondent's lack of participation, but participation is encouraged so that the Investigator has the benefit of hearing the perspective of all parties. The School District will not interfere with the parties' ability to discuss the allegations or gather and present evidence, except to the extent a no-contact or similar order has been issued by the Title IX Coordinator.

Prior to finalizing the investigative report, the Title IX Coordinator or Investigator will send each party and their advisor(s) a copy of all of the evidence directly related to the allegations of sexual harassment in the formal complaint. The parties will have up to ten (10) days to review the evidence and submit a written response, which the Investigator will consider prior to completing the investigation report. Absent good cause, the investigation report may be completed within ninety (90) days.

The Title IX Coordinator will, upon completing or receiving the Investigator's Report, simultaneously send a copy to Complainant, Respondent and their advisors, if any. The Title IX Coordinator will also notify the parties of their right, within ten (10) days, to: submit relevant written questions to parties and witnesses, receive answers, and submit limited follow-up questions; and file a written response to the Investigator's Report. Any questions or evidence about Complainant's sexual predisposition or prior sexual behavior are not relevant, unless they are offered to prove that someone other than Respondent committed the conduct

alleged by Complainant; or they concern specific incidents of Complainant's prior sexual behavior with respect to Respondent and are offered to prove consent. If the Investigator declines to submit a question, s/he will provide a written explanation to the party who posed it.

The Title IX Coordinator may permit an adjournment of the investigative timelines for good cause and, in the event of an adjournment, so notify Complainant and Respondent. Separately, if Respondent is a School District employee, the Title IX Coordinator will review any applicable collective bargaining agreement and grant any required adjournment of the investigative timelines.

Decision. The Title IX Coordinator will appoint a Decision-Maker, who is not the Title IX Coordinator or Investigator. The Decision-Maker will objectively review the investigation report and relevant evidence gathered through the investigation process. Credibility determinations, if any, will not be based on an individual's status as Complainant, Respondent, or witness. The Decision-Maker will not hold Respondent responsible unless a preponderance of the evidence establishes Respondent sexually harassed Complainant. Absent extenuating circumstances, the Decision-Maker will issue a decision within ten (10) days of receiving the investigation report and evidence and will provide the decision to Complainant and Respondent simultaneously. The decision will include: Complainant's allegations; procedural steps taken with respect to the allegations; findings of fact; the application of the applicable anti-harassment policy, this 8007.3-AR, and the School District's Student Code of Conduct to the facts; and a statement of all rationale for the result as to each allegation, including determinations of responsibility, disciplinary sanctions, whether Complainant will be provided remedies to restore or preserve equal access to the School District's education programs and activities, and the procedure and bases for appeal. Upon a finding of responsibility, sanctions for Respondent- students may range from administrative intervention to permanent expulsion. Sanctions for Respondent-employees may range from counseling to discharge. Sanctions for Respondent-Board members may range from censure to a petition to the Governor for removal from the Board of Education.

Appeal. Within five (5) days of the Decision-Maker sending the decision to the parties and any advisors, Complainant or Respondent may appeal the Decision-Maker's decision by filing an appeal with the Superintendent or designee on one or more of the following bases:

- Procedural irregularity that affected the outcome;
- New evidence being discovered that was not reasonably available at the time of the determination or dismissal; or
- A conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent by the Investigator, Title IX Coordinator or Decision-Maker that affected the outcome of the grievance process.
-

The Superintendent or designee will provide notice to the opposite party if an appeal is filed, including a copy of the appeal, and an opportunity to respond. The appeal must include all of the reasons the appealing party disagrees with the decision as it relates to the permissible bases for appeal. The Superintendent or designee will review the appeal, and after considering the appeal, the decision, and any other relevant evidence or information relevant to the appeal, may either: (1) affirm the decision, in whole or in part, or (2) reverse the decision, in whole or in part. The Superintendent or designee may also remand the decision, in whole or in part, for additional investigation by the original or a different Investigator and/or further consideration by the original or a different Decision-Maker. Absent extenuating circumstances, the Superintendent or designee will issue the appeal decision within ten (10) days of receiving the appeal or response, if any, and provide his/her decision to the parties simultaneously. The grievance process is complete and a final decision is reached when no timely appeal is taken or after the appeal process is completed.

Training The Title IX Coordinator will ensure that the Title IX Coordinator, all informal resolution facilitators, Investigators, and Decision-Makers (including those who resolve appeals) receive the following training: the definition of sexual harassment; the scope of the School District's programs and activities; how to

determine whether information and evidence is relevant, including the application of Title IX's "rape-shield" provision; the grievance process, including how to conduct an investigation, how to prepare a fair summary of evidence gathered during an investigation, how to prepare a decision, and how to resolve an appeal; and, how to serve impartially, including avoiding prejudgment of facts, conflicts of interest, and bias. The Title IX Coordinator is responsible for ensuring the School District's training and training materials are posted on the School District's website.

Confidentiality and Retaliation Except as required or permitted by law, the School District will keep confidential the identity of any individual who makes a report or complaint of sexual harassment, any individual who is identified as a potential or actual Complainant or Respondent, and any witness. Neither the School District nor any other person may retaliate against an individual who has made a report or formal complaint or participated or refused to participate in an investigation or other proceeding under this Administrative Regulation.

Record Retention The School District will retain, for at least seven (7) years: all training materials; all reports received by the Title IX Coordinator and actions taken in response to such reports, including why any decision not to provide supportive services was not clearly unreasonable; and, all formal complaints, documents, and other items (including data) arising from formal complaints or investigations conducted pursuant to this Administrative Regulation, including investigative reports and related documents, decisions, appeals and appeal decisions, and informal resolutions.

8006.3b-AR –SEXUAL HARASSMENT UNDER TITLE IX – EMPLOYEES AND STUDENTS AFTER AUGUST 1, 2024 through January 9, 2025

Generally This Administrative Regulation sets forth the procedure the School District follows to respond to reports of conduct that may constitute sex discrimination within any education program or activity of the School District, as required by Title IX. Administrative Regulations 8007.1-AR and 8007.2-AR apply to discrimination and harassment on other bases.

The School District's Title IX Coordinator is responsible for implementing 8007.3-AR. The Title IX Coordinator will ensure their contact information is posted on the School District's website, included in the School District's annual notifications document, and published in every handbook and catalogue distributed to parents and students.

The School District does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates, as required by Title IX. The School District has adopted grievance procedures that provide for the prompt and equitable resolution of sex discrimination complaints made by students, employees, or other individuals who are participating or attempting to participate in the District's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX or the Title IX regulations.

Sex Discrimination, including Sexual Harassment, Covered by this Policy

The School District prohibits sex discrimination in all programs and activities that the District operates. Sex-based harassment is a form of sex discrimination, which means harassment on the basis of sex – including harassment on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity – that falls within one of the following categories:

- (1) Quid pro quo harassment. An employee, agent, or other person with authority to provide an aid, benefit, or service under the District's education program or activity explicitly or impliedly conditions the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct;
- (2) Hostile environment harassment. Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive, and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the District's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
 - The degree to which the conduct affected the complainant's ability to access the District's education program or activity;
 - The type, frequency, and duration of the conduct;
 - The parties' ages, roles within the District's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
 - The location of the conduct and the context in which the conduct occurred;
 - Other sex-based harassment in the District's education program or activity; or

- (3) Specific offenses, including:
- Sexual Assault
 - Dating or Domestic Violence
 - Stalking

Sex discrimination, including sex-based harassment, is covered by this Policy when it occurs under the District's education program or activity in the United States. Conduct occurs under the District's education program or activity when it is subject to the District's disciplinary authority. This includes conduct that occurs on school property; through use of school property (e.g., during online learning or when using the District's network or computer systems); at school-sponsored events or activities (e.g., field trips, athletic events, extracurricular activities); and in off-campus settings, if the conduct is sufficiently serious or severe that it could contribute to a hostile environment. The District will address a sex-based hostile environment under its education program or activity, even when some conduct alleged to be contributing to the hostile environment occurred outside the District's education program or activity.

Reporting Concerns about Conduct that May Be Sex Discrimination

The School District encourages anyone who believes that they have been subjected to sex discrimination (or has knowledge of another person being subjected to sex discrimination) in connection with the District's programs or activities to promptly report their concerns to the School District.

- Reports to All Other School Employees. Reports made to all other school employees must be reported to the District's Title IX Coordinator.
- Reports to the Title IX Coordinator. When the Title IX Coordinator receives a report about conduct may reasonably constitute sex discrimination, the Title IX Coordinator will be responsible for coordinating the District's response in a fair and equitable manner, consistent with Title IX and its regulations.
- The District's Title IX Coordinator is Director of Human Resources and may be reached at: ♣ 586-725-2861 ♣ lgonzales@abs.misd.net
- Student Protection Obligations. When an employee with mandatory reporting obligations under Michigan's Child Protection Law (e.g., counselors, teachers, administrators) or other law receives information about suspected abuse of a student by a person responsible for the child's health or welfare associated with the School District (e.g., teacher, coach, or other individual affiliated with the School District), the employee must notify child protective services and/or Title IX Coordinator, even if they are a confidential employee.

The District's Response to Reports About Conduct That May Reasonable Constitute Sex Discrimination

The Title IX Coordinator's Initial Response.

When the Title IX Coordinator becomes aware of conduct that may reasonably constitute sex discrimination, the Title IX Coordinator will take the following actions:

- Provide the "complainant" (i.e., the person who is alleged to have been subjected to sex discrimination); the complainant's parent, guardian or legal representative; or the person who made the report, if the complainant's identity is unknown, with information about the Title IX process and possible options for resolution, including:
 - The availability of "supportive measures" for complainant, as described below;
 - The right to make a "complaint" that would trigger the District's grievance procedure, which is an oral or written request that could objectively be understood

- as a request for the District to investigate and make a determination about alleged sex discrimination;
 - The option for informal resolution, if available and as described below;
- If a complaint is made, provide the “respondent” (i.e., the person who is alleged to have violated the District’s prohibition on sex discrimination) or the respondent’s parent, guardian or legal representative, with information about the Title IX process and possible options for resolution, including:
 - The availability of “supportive measures” for respondent, as described below.
 - The grievance procedures;
 - The option for informal resolution, if available and as described below.
- If a report made to the Title IX Coordinator does not trigger the grievance procedures (e.g., no complaint was made, the complaint allegations were withdrawn, no informal resolution process was elected), the Title IX Coordinator will determine whether to initiate a complaint that will trigger the grievance procedures. In making this determination, the Title IX Coordinator will consider multiple factors, including the complainant’s wishes; the complainant’s reasonable safety concerns; the risk of additional acts of sex discrimination if the grievance procedures are not initiated; the severity and scope of the allegations of sex discrimination; the age and relationship of the parties; the availability of evidence; and whether the District could end the alleged sex discrimination and prevent its recurrence without initiating the grievance procedures.
 - If the Title IX Coordinator initiates the complaint and grievance procedures, the Title IX Coordinator will first notify the complainant and address reasonable concerns about the safety of complainant or others, including by providing supportive measures.

Supportive Measures, Emergency Removal and Administrative Leave

The Title IX Coordinator will be responsible for coordinating supportive measures, removals and placement decisions.

- Supportive Measures. “Supportive measures” are supports that the District may provide, as appropriate, to restore or preserve the complainant’s and respondent’s access to the School District’s education program or activity. Supportive measure may be available to the complainant even if the complainant does not make a complaint that triggers the grievance process. Supportive measures may be available to the respondent if either the grievance procedures have been triggered or informal resolution process has been offered.
- Supportive measures may include, but are not limited to counseling, extensions of deadlines and other course-related adjustments; campus escort services; increased security or monitoring of certain areas of campus; restrictions on contact; leaves of absence; changes in class, work, or other extracurricular or any other activity, and training and education programs related to sexual harassment. Supportive measures are not disciplinary or punitive, and may not unreasonably burden either party.
- If a party disagrees with a decision to provide, deny, modify or terminate supportive measures applicable to them, the party may submit a written request to the Title IX Coordinator challenging the decision. The Title IX Coordinator will designate an impartial employee (other than the person who made the initial decision) to evaluate the party’s challenge and decide whether to modify or reverse the decision. The impartial employee’s decision is final, except

- that a party may seek additional modification or termination of supportive measures applicable to them if circumstances change materially.
- Supportive measures may be available, as appropriate, through any grievance procedure or informal resolution process; following resolution, supportive measures may terminate or remain in place.
 - Supportive measures offered to the parties are confidential and may not be disclosed, except as necessary to provide the supportive measure or restore or preserve a party's access to the District's education program or activity.
 - Emergency Removals. Removal of a student-respondent from the District's education program or activity is only permitted on an emergency basis, and may only occur after the District undertakes an individualized safety and risk analysis, and determines that an imminent and serious threat to the health and safety of a complainant or others arising from the allegations of sex discrimination justifies removal. If the District determines that an emergency removal is justified, the District must provide notice to the respondent and an opportunity to challenge the decision immediately following the removal. Any such challenge should be submitted to the Title IX Coordinator, who will be responsible for designating an impartial employee (other than the employee who made the initial decision) to evaluate and make a decision on the respondent's challenge.
 - Students with Disabilities. When evaluating supportive measures and emergency removals for students with disabilities covered by the Individuals with Disabilities Education Act ("IDEA") or Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Title IX Coordinator will consult with one or more members of the student's team or group of persons responsible for the student's placement decision, in order to determine how to comply with IDEA and Section 504.
 - Administrative Leave. The District may place an employee-respondent on administrative leave pending completion of the grievance procedures.

Complaints Triggering the Grievance Procedures

An oral or written request that could objectively be understood as a request for the District to investigate and make a determination about alleged sex discrimination is considered a "Complaint" that triggers the Title IX grievance procedures. The following people have a right to make a complaint of sex discrimination, including complaints of sex-based harassment, requesting that the School District investigate and make a determination about alleged discrimination under Title IX:

- A "complainant," which includes:
 - a student or employee of the School District who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
 - a person other than a student or employee of the School District who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at a time when that individual was participating or attempting to participate in the School District's education program or activity;
- A parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or
- The School District's Title IX Coordinator.

Note that a person is entitled to make a complaint of sex-based harassment only if they themselves are alleged to have been subjected to the sex-based harassment, if they have a legal right to act on behalf of

such person, or if the Title IX Coordinator has grounds to initiate a complaint based on the factors described above.

With respect to complaints of sex discrimination other than sex-based harassment, in addition to the people listed above, the following persons have a right to make a complaint:

- Any student or employee of the School District; or
- Any person other than a student or employee who was participating or attempting to participate in the School District's education program or activity at the time of the alleged sex discrimination.

The School District may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances. When more than one complainant or more than one respondent is involved, references below to a party, complainant, or respondent include the plural, as applicable.

The Grievance Procedures

Basic Requirements

The School District will treat complainants and respondents equitably. The School District requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A decisionmaker may be the same person as the Title IX Coordinator or investigator.

The School District presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

The School District has established the following timeframes for the major stages of the grievance procedures:

- Evaluation: Within five (5) calendar days of receiving a complaint, the Title IX Coordinator will evaluate the complaint to determine whether it should be dismissed or investigated.
- Investigation: Within forty-five (45) calendar days of receiving a complaint, the investigation will be completed.
- Determination: Within sixty (60) calendar days of receiving a complaint, a determination will be issued.
- Appeal: Within five calendar (5) days after a determination is issued, parties may submit a written appeal. The other party will be allowed five (5) calendar days to respond. A decision will be made on the appeal within ten (10) calendar days after the appeal is received.

When there is good cause, the School District may reasonably extend these timeframes on a case-by-case basis. If such an extension is needed, the Title IX Coordinator will notify the parties of the need for an extension, the reason for delay, and the extended timeframe(s).

The School District will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties cannot engage in retaliation, including against witnesses.

The School District will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person’s status as a complainant, respondent, or witness.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be accessed or considered, except by the School District to determine whether one of the exceptions listed below applies; will not be disclosed; and will not otherwise be used), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party’s or witness’s records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the School District obtains that party’s or witness’s voluntary, written consent for use in its grievance procedures; and
- Evidence that relates to the complainant’s sexual interests or prior sexual conduct, unless evidence about the complainant’s prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant’s prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant’s consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

Notice of Allegations

Upon initiation of the School District’s Title IX grievance procedures, the School District will notify the parties of the following:

- The School District Title IX grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations, including the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination, and the date(s) and location(s) of the alleged incident(s);
- Retaliation is prohibited; and
- The parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence. If the School District provides a description of the evidence, the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party.

If, in the course of an investigation, the School District decides to investigate additional allegations of sex discrimination by the respondent toward the complainant that are not included in the notice provided or that are included in a complaint that is consolidated, the School District will notify the parties of the additional allegations.

Dismissal of a Complaint

The School District may dismiss a complaint of sex discrimination if:

- The School District is unable to identify the respondent after taking reasonable steps to do so;

- The respondent is not participating in the School District’s education program or activity and is not employed by the School District;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Title IX Coordinator declines to initiate a complaint, and the School District determines that, without the complainant’s withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- The School District determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint, the School District will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the School District will promptly notify the complainant of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the School District will also notify the respondent of the dismissal and the basis for the dismissal promptly following notification to the complainant, or simultaneously if notification is in writing.

The School District will notify the complainant that a dismissal may be appealed and will provide the complainant with an opportunity to appeal the dismissal of a complaint. If the dismissal occurs after the respondent has been notified of the allegations, then the School District will also notify the respondent that the dismissal may be appealed.

If the dismissal is appealed, the School District will:

- Notify the parties of any appeal, including notice of the allegations, if notice was not previously provided to the respondent;
- Implement appeal procedures equally for the parties;
- Ensure that the decisionmaker for the appeal did not take part in an investigation of the allegations or dismissal of the complaint;
- Ensure that the decisionmaker for the appeal has been trained consistent with the Title IX regulations;
- Provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome; and
- Notify the parties of the result of the appeal and the rationale for the result.

When a complaint is dismissed, the School District will, at a minimum:

- Offer supportive measures to the complainant as appropriate;
- If the respondent has been notified of the allegations, offer supportive measures to the respondent as appropriate; and
- Take other prompt and effective steps, as appropriate, through the Title IX Coordinator to ensure that sex discrimination does not continue or recur within the School District’s education program or activity.

Investigation

The School District will provide for adequate, reliable, and impartial investigation of complaints.

The burden is on the School District—not on the parties—to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The School District will provide an equal

opportunity for the parties to present fact witnesses and other inculpatory and exculpatory evidence that are relevant and not otherwise impermissible.

The School District will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance. The School District will provide each party with an equal opportunity to access the evidence that is relevant to the allegations of sex discrimination and not otherwise impermissible, in the following manner:

- The School District will provide an equal opportunity to access either the relevant and not otherwise impermissible evidence, or an accurate description of this evidence. If the School District provides a description of the evidence, the School District will provide the parties with an equal opportunity to access the relevant and not otherwise impermissible evidence upon the request of any party;
- The School District will provide a reasonable opportunity to respond to the evidence or the accurate description of the evidence; and
- The School District will take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures. Disclosures of such information and evidence for purposes of administrative proceedings or litigation related to the complaint of sex discrimination are authorized.

Questioning the Parties and Witnesses

Typically, the person who investigates the complaint will be the same person who makes the determination of whether sex discrimination occurred. In the event a different person must make the determination (e.g., the investigator becomes unavailable or develops a conflict), prior to making the determination, the decisionmaker will question the parties and witnesses, either in writing or orally, in order to adequately assess a party's or witness's credibility. This questioning is only required to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex discrimination.

Determination Whether Sex Discrimination Occurred

Following the investigation and evaluation of all relevant and not otherwise impermissible evidence, the School District will:

- Use the preponderance of the evidence standard of proof to determine whether sex discrimination occurred. The standard of proof requires the decisionmaker to evaluate relevant and not otherwise impermissible evidence for its persuasiveness. If the decisionmaker is not persuaded under the applicable standard by the evidence that sex discrimination occurred, whatever the quantity of the evidence is, the decisionmaker will not determine that sex discrimination occurred.
- Notify the parties in writing of the determination whether sex discrimination occurred under Title IX, including the rationale for such determination and the procedures and permissible bases for the complainant and respondent to appeal;
- Not impose discipline on a respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the grievance procedures that the respondent engaged in prohibited sex discrimination.
- If there is a determination that sex discrimination occurred, the Title IX Coordinator will, as appropriate:

- Coordinate the provision and implementation of remedies to a complainant and other people the School District identifies as having had equal access to the School District's education program or activity limited or denied by sex discrimination;
- Coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any such disciplinary sanctions; and
- Take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the School District's education program or activity.
- Comply with the grievance procedures before the imposition of any disciplinary sanctions against a respondent; and
- Not discipline a party, witness, or others participating in the grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred.

Disciplinary Sanctions and Remedies.

Following a determination that sex-based harassment occurred, the School District may impose disciplinary sanctions, which may include discipline ranging from a verbal warning up to and including expulsion, termination of employment, or exclusion from the District's programs and activities. The School District may also provide remedies, which may include ensuring that a complainant can move safely between classes and while at school or on campus such as by providing a campus escort or allowing a student to park in the teachers' parking lot; making changes to class schedules and extracurricular activities to ensure the complainant and respondent are separated; providing services, including medical support and counseling; providing academic resources and support; reviewing any disciplinary actions taken against the complainant to determine whether there is a causal connection between the sex-based harassment and the misconduct; providing reimbursement for professional counseling services; making tuition adjustments; and any other remedies the District deems appropriate.

Appeal of Determinations

The School District offers the following process for appeals from a determination whether sex discrimination occurred:

- Within five (5) calendar days of receiving the determination, if either party disagrees with the determination, the party may submit a written appeal to the Superintendent or designee, copying the Title IX Coordinator. The appeal should describe the reason why the party believes the determination was incorrect. The Superintendent or designee will allow the other party five (5) calendar days to provide a written response, and will issue a decision on the appeal within ten (10) calendar days of receiving the appeal.

Informal Resolution In lieu of resolving a complaint through [K-12 School]'s Title IX grievance procedures, the parties may instead elect to participate in an informal resolution process. [K-12 School] does not offer informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student, or when such a process would conflict with Federal, State, or local law.

Cooperation with Law Enforcement Agencies In certain instances, an allegation of sex-based harassment may be investigated as a criminal matter. To the extent permitted by law, the School District will comply with law enforcement requests for cooperation.

Digital communication (including social networking) that occurs on district premises or involves the use of district equipment is governed by the Acceptable Use Policy and this Policy. This Policy also applies to digital communication that occurs off District premises and/or using non-District equipment.

Digital communication (including social networking) provides educational and other opportunities for staff and students. The Board of Education expects that staff and students who engage in digital communication will do so in a reasonable and appropriate manner. Specifically, digital communication between staff and students, or to which students reasonably may be exposed, should be professional and of the same content, tone and demeanor as in-school communication between staff and students. Similarly, digital communication between staff and parents, community members and other adults, or to which staff members, parents and community members reasonably may be exposed, should be professional.

Digital Communications Digital communication (including social networking) provides educational and other opportunities for staff and students. There are also potential pitfalls arising from, among other things, the speed, permanence and perceived anonymity of digital communication. These regulations are intended to help staff and students take advantage of opportunities presented by digital communication in a manner that enhances education, student achievement and appropriate relationships between staff, students, parents, and the larger community. These regulations are not intended, and should not be interpreted, to limit the legal rights of any person.

Digital Communications Involving Students Digital communication between staff and students should always be professional and of the same content, tone and demeanor as in-school communications. This applies to direct communication between staff and students and to communication to which students reasonably may be exposed. Unless otherwise protected by law, examples of inappropriate digital communication include, but are not limited to:

- Communication that violates Board Policy, such as: communication that discloses personally identifiable information about students (see Policy 2003); communication that violates Board Policy against illegal harassment (see Policy 8006); etc.
- Communication that is false or misleading.
- Communication that attributes the staff member's personal views to others, including the School District, school administration, or other staff members.
- Communication that defames or personally insults, derogates, or embarrasses staff members or students, or otherwise undermines any staff member's ability to fulfill their responsibilities to the School District or its students.
- Communication that defames or personally insults, derogates, or embarrasses Board members, parents or other community members.
- Communication stating or suggesting the desirability of confidentiality vis-à-vis students' parents or other staff members.

- Communication that has as its purpose or effect the development of a romantic or sexual relationship between a staff member and a student, or that reasonably may be interpreted as having that purpose.

The School District encourages staff to use School District equipment and sites for all digital communication with students. School staff may not communicate with students through personal social media and other similar platforms, like Snapchat, that promptly delete evidence of those communications with students. Use of messaging apps, like Remind, which send general communications and alerts to parents and students are not prohibited.

The School District does not have the resources or ability to police digital communication between and among students. However, students may be subject to school-imposed disciplinary sanctions when their digital communication violates the Student Code of Conduct and or interferes with the rights of others or is reasonably anticipated to result in the disruption of school or school activities. Separately, the School District reserves the right to report suspected criminal misconduct to police authorities.

Digital Communication Involving Board and Staff Members, Parents and Others Digital communication between Board and staff members, parents and other community members or adults should always be professional. This applies to direct communication and to communication to which they reasonably may be exposed. Unless otherwise protected by law, examples of inappropriate communication include, but are not limited to:

- Communication that violates Board Policy, such as: communication that disclose personally identifiable information about students (see Policy 2003); communication that violates Board Policy against illegal harassment (see Policy 8006); etc.
- Communication that is false or misleading.
- Communication that attributes personal views to others, including the School District, school administration, or other staff members.
- Communication that defames, insults, derogates or embarrasses other staff members or students.
- Communication that defames, or personally insults Board members, parents or community members and is not otherwise protected by law.

Personal Digital Social Networking The district does not have the inclination, resources or ability to police the off-duty behavior of staff members. At the same time, staff must be cognizant of the fact they serve as role models for our students and, to the extent their personal social networking is “public” or includes members of the school community, such as staff members may be subject to greater scrutiny. Furthermore, their communications and behavior may adversely impact their ability (or the ability of the School District and their colleagues) to carry out their responsibility of educating students in a safe and supportive educational environment. For these reasons, staff are reminded that off-duty digital communication may result in investigation, disciplinary sanctions or discharge when those communications disrupts the educational environment or adversely affects or undermines the staff member’s ability to perform their jobs.

Social Media Authorizations

The Superintendent designates the School District’s Student Services Coordinator to review the Board Policy governing Digital Communications and these administrative regulations at least annually. The Student Services Coordinator will maintain and update a list of designated District Social Media accounts. School District social media accounts must be named after school buildings, facilities, or departments and maintained by School District administrators or communications department staff.

8009A-AR –SERVICE ANIMALS

Service Animals A service animal, as defined by the ADA, means a dog (or in some instances, a miniature horse) that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including physical, sensory, psychiatric, intellectual, or mental disability, or a veteran diagnosed with post-traumatic stress disorder, traumatic brain injury, or other service related disabilities. A service animal in training means an animal accompanied by an animal raiser or trainer with the intent that animal is being raised, socialized, and trained to become a service animal, and for the purposes of this administrative regulation, is considered a service animal. A service animal is generally allowed in any District-controlled space in which an individual with a disability is allowed. Service animals are not required to have any specific identifying license, paperwork, or harness.

All Service animals shall pass a public access test. The Service animals and owners shall be tested and accredited by an authority as determined by the Administration and shall pass a public access test.

- Employees of the District wishing to use a Service animal must provide, on an annual basis, the following to the Superintendent/Designee:
 - Proof of current inoculations
 - Proof of health, such as a current health certificate from a veterinarian
 - Documentation of adequate liability insurance

The School District will make reasonable modifications to its policies, practices, or procedures to permit the use of service animals. The School District will consider the following factors to determine whether a reasonable modification can be made:

- Whether the service animal is housebroken;
- Whether the service animal is under the owner's control;
- Whether the facility can accommodate the service animals' type, size, and weight; and
- Whether the service animals' presence will not compromise legitimate safety requirements necessary for safe operation of the facility.

Animal Control Requirements All service animals must be properly vaccinated, licensed, and otherwise compliant with all state, county, and/or local animal control or public health requirements.

Removal or Exclusion A building administrator may remove a service animal from School District property if:

1. the service animal is not within the control of the handler;
2. the service animal is not housebroken;
3. the service animal poses a direct threat to the health or safety of others; or
4. the presence of the service animal would require a fundamental alteration to the service, program, or activity provided by the School District.

If the service animal is removed, the individual will be provided the opportunity to participate in the service, program, or activity without the service animal and with other accommodations.

The School District will not deny access to individuals with service animals on the basis of allergies and fear of dogs. In the event an individual who is allergic to a service animal and an individual who uses a service animal are in the same room or facility, the School District will accommodate both, to the extent feasible, by assigning them to different locations within the room or to different rooms within the facility.

Appeals. The decision to remove a service animal from School District property may be appealed using the process set forth in Policy 8010.

Permissible Inquiries If it is not apparent what work or tasks a service animal is trained to perform, School District staff may ask an individual: (1) whether the animal is a service animal required due to a disability; and (2) the specific work or task the service animal has been trained to perform. Personnel is prohibited from: asking questions concerning the individual's disability; requiring medical documentation; requiring a special identification card or clothing or training documentation for the service animal; or asking that the service animal demonstrate its ability to perform any work or task.

Supervision and Care The owner or handler of a service animal is solely responsible for all aspects of the animal's supervision and care, including feeding, exercising, and clean up. Service animals must be harnessed, leashed, or tethered, unless an individual's disability prevents using such devices or the devices interfere with the service animal's safe, effective performance of its work or tasks. If so, individuals must maintain control of the service animal through voice, signal, or other effective means.

Injuries or Damage to School District Property The owner or handler of a service animal is solely responsible for any damage to School District property or injury to personnel, students, or others caused by the service animal.
