Dean A. Naldrett Mission Statement: Naldrett staff, in partnership with parents and community, will provide a positive, nurturing, learning environment in which students can achieve their full potential.

Principal's Corner

As we welcome the first signs of spring, our Naldrett Star students are blooming with excitement about the learning happening in the classroom! This month, we're focusing on March is Reading Month! Our theme is "Wild about Reading" in which your child will be bringing home a calendar with some fun activities to do as a family. We are looking forward to a spring concert performed by our second graders on March 10th. Lastly, our students will all be learning about animals with our "Live Animal" presentations coming into your child's classroom on March 20th and 21st.

As you may know, this is the time of year that students make the most academic and social learning improvements. Please continue to make school a priority. Sometimes, it can be challenging to keep our children focused on learning. What can you do to make school a top priority for your child? Keep these ideas in mind:

- Make attendance your number one priority. Let your child know that unless they are sick, they must attend school (and be on time). Make an effort to schedule appointments after school hours whenever possible.
- Show you care. Talk about school and classroom activities positively and reach out to your child's teacher if you have any questions!
- Continue to set aside time to turn off electronics and read and play board games as a family.
- Limit video games and electronics
- It's a great time to join a new group, club, team or activity this spring! Check out Chesterfield Community Classes to sign up or the local library!

Standardized assessments will begin shortly after spring break. We hope that you have a wonderful March and enjoy the warmer weather that is coming our way! Please reach out if you have any questions.

Sincerely,
Mrs. Stephenson
