

Getting Started with Schoology For Parents

Schoology Parent Accounts

Having a Schoology Parent Account is like having **two accounts**:

1. Your personal account with your name and information.
2. A **view** of your child's account. This account will allow you to view your child's activity in Schoology and you can receive updates on their progress.

Why create a parent account?

- It allows you to monitor your child's activity/grades and receive regular updates.
- Keep in mind that this only allows you to **view** your child's account. Your child will still need to log in using their own account to complete assignments.

How Will I Receive My Code?

You will receive an email/document from your child's teacher providing you with your parent access code on

If you did not receive your code, please check your spam/junk mail folder.

How to Log into Schoology as a Parent

1

Launch

Google Chrome

2

Navigate to

How to Log into Schoology as a Parent

5

Click on Register or Log In

The screenshot shows the PowerSchool website header with the logo and navigation links. The main content area features the 'Schoology Learning' section, which includes the text 'The Premier K-12 Learning Management System' and a description: 'Connect your teachers, students and families in a single, centralized hub for personalized teaching and learning.' Below this text are two buttons: 'Get a Demo' and 'Register or Log In'. The 'Register or Log In' button is circled in red.

6

Click on Register for Schoology Learning

The screenshot shows the 'Featured Product Logins' section of the PowerSchool website. It contains three columns of product information. The first column is for 'Schoology Learning', which includes the text 'Log in to PowerSchool Schoology Learning' and two buttons: 'Login to Schoology Learning >' and 'Register for Schoology Learning >'. The 'Register for Schoology Learning >' button is circled in red. The second column is for 'PowerSchool Behavior Support' (formerly known as Kickboard), which includes the text 'Log in to Behavior Support (formerly Kickboard)' and a button 'Login/Register to Behavior Support >'. The third column is for 'Chalk Gold and Planboard', which includes the text 'Login >' and 'Register >'.

Register

Download the Schoology App

Available on

1

Go to your app store and search for Schoology.

2

Click the **Continue** button to **Log in through** www.schoology.com

Note: Your child logs in differently. Students log in by choosing the option **Log in through your school**.

3

Sign in with the email address and password you used to create your parent account.

How to Navigate your New Parent Account

[Click here](#) for a full-length tutorial on how to navigate Schoology as a parent

How to Toggle between your Account and your Child's Account

- ✓ Click on the name in the upper right corner. When you first login, it's going to land on your child's account first.
- ✓ Clicking on the name opens a drop-down menu that allows you to toggle between the two accounts.
- ✓ The green check mark indicates which account you are currently using.

How to Add Additional Children to your Account

1

ABS Parent

Click on your name in the upper right corner.

2

ABS Parent

ABS Parent

ABS Student

Anchor Bay School District

Add Child

3

Enter your Parent Access Code.
This is a 12-digit code in **xxxx-xxxx-xxxx** format that you receive from the district.

Remember that you receive a different code for each child.

Important Points to Remember:

- Each access code is unique to a child.
- Example: If you have 3 children, you will receive 3 different access codes.
- This process will only work for students that attend Anchor Bay.
- If you have a child that attends a different district, you will need to register for another parent account.
- Repeat these steps if you have multiple children to add to your account.

The 'Add Child' dialog box is shown with a title bar containing a close button. It features a text input field labeled 'Child Code: *'. Below the input field are two buttons: 'Use Code' and 'Cancel'.

2

3

A screenshot of the 'Notifications' settings page. It shows two sections: 'Parent Email Digest' and 'Overdue Submissions Email'. Each section has a description and a dropdown menu for 'Email Notification'. The 'Parent Email Digest' section has the text 'Receive weekly or daily email reports of your children's activity' and the dropdown is set to 'Off'. The 'Overdue Submissions Email' section has the text 'Receive an email when an item's due date has passed without a submission from your child.' and the dropdown is also set to 'Off'. A 'Save Changes' button is at the bottom, highlighted with a red box.

1. Verify you are viewing your child's account. The green check mark indicates which account you are currently viewing.
2. Click on *Settings*
3. Click on *Notifications*
4. Turn on the notifications you would like to receive.

Frequently Asked Questions

Can multiple parents/guardians register for a parent account for the same child?

Yes, multiple parent accounts can be created using the same student access code.

I have children at different schools within AB. Do I need to register for multiple parent accounts?

No, you can use the **Add Child** button to add your children to your parent account. You don't need to create multiple accounts. [Click here](#) for a tutorial.

I have a child that attends AB and another child that attends a different district. Can I add my other child to my parent account?

You will need to register for a separate parent account with each district. You can link these two accounts together. [Click here](#) for a tutorial.

I teach in AB and have children in the district. Can I connect my work and parent accounts?

Yes, you have the option to link the two accounts together. Make sure you use a personal email address to register for the parent account. It makes it much easier to connect it with your work account.
